PAAVAI ENGINEERING COLLEGE

EVENTS 2007-08

Dear Parents, Students and Well wishers.

Greetings from Paavai.

We have successfully completed the year 2007 – 08 with lots of novel events and activities around Paavai. We have given birth to a new child 'Pavai Varam Polytechnic College' in our family which is also growing with new style and in 'Paavai Way' imparting the high degree of technical education along with value based cultural heritage. I earmarked the coming academic year 2008 – 09 as 'The year of Beautification of Paavai'. All our civil works will be completed in this year. Highly sophisticated labs, library in separate block, added number of AV Theatres, separate placement cell for each institution, exclusive sports complex on par with international specification are lining up. Hope, all these will be completed in this academic year successfully.

In the academic side, we still sharpen our focus towards the academic excellence with high degree of employability of our students. All our HODs, and faculties are tuned to have the mind set to achieve the same without any deviation. Our students are educated to keep in their minds that their real college life starts after 5.00PM only. A lot number of activities, constantly and continuously will be held on the campus. Parents are requested to keep remember this and help their wards to spend more time on the campus. Eminent companies like Infosys, TCS, CTS, Satyam, Wipro, L&T, HCL etc., have initially agreed to visit the campus for placements. Hence all our aim is to make the students to develop their capabilities of employability in the said companies.

As said above, academic year 2008 – 09 will be the 'Year of 100% placement', as far as the students are concerned. Knowing this important factor, we have designed our calendar of activities fully focused and objectives oriented. Soft skills like effective communication, ability to clear the general and technical aptitude tests, active participation in group discussion etc., need to be taught to the students after the class hours and they should also be given enough opportunities to practise and exhibit their talents to the companies in a neat and acceptable manner. For this, the campus is declared as English Speaking Zone and everyone should be keen in speaking English. Two English Communication Labs are functioning exclusively for the benefits of students. I am very confident that these resources will be utilized by our students in the fullest possible ways after their class hours.

I am much delighted to state that our staff team has strongly committed towards the 'Continuous Excellence' blended with VALUE BASED TEACHING AND COACHING.

Enclosed details will throw a light on the activities happened during the academic year 2007 – 08 and I expect and request you to co-operate with us and I assure that each and every step taken in Paavai is only for the betterment of the students as a whole. Let us welcome a glorious, prosperous and bright academic year 2008 – 09 ...

Paavai family has strong faith over this culture

PAAVAI CULTURE

We challenge the changes
We seek beyond the best
Work shall be taken not to be given
We produce value added professionals
We lead to Prosper Conquer and Excel

STUDENTS HAVE STRONG FAITH ON THE FOLLOWING PRINCIPLES OF PAAVAI

We, the students of Paavai Educational Institutions, are very much aware that we are prepared to cherish and uphold the Paavai Principles such as Refined Culture and Rich Values. We are taught a kind of education on the Paavai Campus which is based on the modern and humanistic thoughts which enable us to promote the peace of mankind in general.

The Paavai Campus, where we receive the creative energy to translate our lofty dreams into meaningful and constructive actions, inspires us into a realization that it is our responsibility to take care of the welfare and security of the brothers and sisters with whom we study here.

We whole - heartedly believe that we would recognise and respect the love, affection, care and concern of our parents and teachers, and also follow their well-meant guidance and disciplining instructions and come up in life with flying colours.

- This pledge is taken as an oath by the students on every occasion in Paavai
