

PAAVAI ENGINEERING COLLEGE

EVENTS 2009 - 10

Dear Parents, Students and Well Wishers,

PAAVAI Greet you all,

I welcome you again to visit our campus which is like enjoying a slice of heaven and natural beauty. The campus is all alive with the sound of silence and the light of greenery which enable everyone to care and listen. We are sure that you will realize a positive, dynamic and enthusiastic feel on the campus. Academic year 2009-10 ended, as usual, with full of activities, events, seminars, national and international conferences and so on. As you all aware of the fact that, in Paavai, smarter systems are creating value in every walk of our life. Neatly devised and structured system helps us to lead the organization in a planned way.

It is very often said that self development leads to organizational development, organizational development leads to the social development which ultimately leads to the development of the nation as a whole. Hence, we aim at developing individual ability by motivation, building team and work culture, shaping the staff and students towards focused objectives and managing their performance. We strongly believe that this can be achieved through five enchanting mantras – i) vibrancy and joy in all our activities; ii) boundaryless innovation in our thoughts and approach; iii) Integrating in each and every aspect of life; iv) Differentiating from others continuously and constantly and v) above all equity with truth and fairness. These five mantras are embodied in our blood and soul and we are aiming at the same with will and vigor.

Also, I should not forget to make mention about the prevailing gap between the skills and the education to be nurtured and only by merging the gap, the employability can be created among graduates qualifying from Paavai. Skill development is not an end in itself but a means to employment.

This year, we have planned to make this skill development an equitable opportunity for all our aspiring students and we commit to convert them until the job provider can 'Get the model right'. For this, we have launched a unique division 'PAAVAI SKILL DEVELOPMENT CENTRE' in the separate newly built, sophisticated, modern corporate outfit which is headed by an eminent corporate Mr.A.Srinivasan from Fronk Fin as Director and under his leadership a team of five experienced ex-corporate professionals is working to extend and enhance our placement and training activities with the intention of moulding even the last student employable.

I should also remind that teaching and research are two eyes of an educational institution. We have planned to bring the industries still closer to us and we try to provide infrastructural facilities to them so that they can establish their business entries on the campus. Talks are going on; Institute – Industry - Interaction will take a better turn this year, we hope.

I am confident that with all your support and co-operation we will achieve our target as planned. I should gratefully acknowledge the efforts of staff team which is committed strongly in its heart and soul for the continuous and constant excellence in each and every aspect of the 'Teaching and Learning' process and thereby, proving their great conviction towards the 'VALUE ADDED EDUCATIONAL SERVICE' in Paavai.

Details depicted in the fourthcoming pages of this small 'Events Note' will brief the activities we had in the academic year 2009-10 and as usual, we are all bound to dedicate every second of our valuable time for the best future of our students. With a lot of love, affection and care we will guide them, nourish them and nurture them in order to drive them towards the unfading prosperity.

I cordially invite you to participate yourself in the bright and prospective academic year 2010-11.

PAAVAI MANTRA
OWN OUR WORDS AND DEEDS

STUDENTS HAVE STRONG FAITH ON THE FOLLOWING PRINCIPLES OF PAAVAI

We, the students of Paavai Educational Institutions, are very much aware that we are prepared to cherish and uphold the Paavai Principles such as Refined Culture and Rich Values. We are taught a kind of education on the Paavai Campus which is based on the modern and humanistic thoughts which enable us to promote the peace of mankind in general.

The Paavai Campus, where we receive the creative energy to translate our lofty dreams into meaningful and constructive actions, inspires us into a realization that it is our responsibility to take care of the welfare and security of the brothers and sisters with whom we study here.

We whole - heartedly believe that we would recognise and respect the love, affection, care and concern of our parents and teachers, and also follow their well-meant guidance and disciplining instructions and come up in life with flying colours.

- This pledge is taken as an oath by the students on every occasion in Paavai

WE BELIEVE....

The young sage of India, Swamy Vivekananda, has established the greatness of Indian culture and the identity and the sovereignty of this Land of 'Vedha and Sathya' by addressing the participants from the core of his heart as "Brothers! and Sisters!!" in the world Religious Conference, held at Chicago, America.

In the same manner, Paavai strongly emphasises the friendship with fraternal affinity with the goal of attaining knowledge mingled with pure affection and without any expectation and servility.

In Paavai premises, a girl student will address her co-girl student as 'Sister' and her co-boy student as 'Brother' and similarly a boy student will address his co-boy student as 'Brother' and his co-girl student as 'Sister'. This practice is already in vogue, cent percent on the Paavai Campus.
