One day Technical Webinar on

“INTRODUCTION TO SUSTAINABLE DEVELOPMENT AND CIRCULAR ECONOMY”

What is the difference b/w Linear and Circular Economy ?

LINEAR ECONOMY

- ❖ The linear economy is based on a linear process, optimized towards high throughput and low production costs relying on the abundant availability of raw materials at relatively low cost.
- ❖ The typical process consists of a series of steps – resource extraction, manufacturing, consuming and disposing of products at the end of their life cycle – which is also referred to as a **take-make-consume-dispose model**.

CIRCULAR ECONOMY

- ✓The circular economy, on the other hand, aims at **low environmental impact**
- ✓by **minimizing waste and excessive resource use**
- ✓by **turning goods at the end of their lifespan into resources for others through re-use,**
- ✓**re-manufacture, re-cycle, waste reduction and other practices.**
- ✓In other words, CE is restorative by design and intention.

Direct Operating Cost (DOC)

SASTRA
DEEMED TO BE UNIVERSITY

- ❑ Direct operating cost is the operational expense directly associated with the flight.
- ❑ For a typical long range aircraft, 1% of drag reduction leads to the decrease of about 0.2% of the direct operating cost (DOC).
- ❑ Fuel continues to be the largest number in the airline debit column, accounting for 27% of an airline's costs in 2015.
- ❑ Thus, it is mandatory to consider the aerodynamic characteristics along with improvement in aerodynamic efficiency of the aircraft to reduce the airline fuel consumption and to afford economic flight.

A Webinar series on was conducted by the Department of Aeronautical Engineering from 9th - 13th June 2020 on the title **“An Overview of Aeronautical Sciences”**. The faculty and students of department of aeronautical engineering attended the first day program given by Dr. S. Nadaraja Pillai, Associate Professor/Aerospace engineering, Sastra University. He gave a brief presentation among the students, faculties regarding the recent research going in on aerodynamics field like CFD and High performance computing, Transition and Turbulence, Micro fluidics, Acoustics and gave some career opportunities in aerodynamics field. And also he elaborated the various things associated with the Engine manufacturing and analysis. The presentation was useful and inspiring for the students as well as the faculty who had participated. We are looking forward to our future endeavors.

On second day a wonderful lecture given by Dr.P.S. Prem Kumar, Associate Professor/Aeronautical engineering, Kumaraguru College Technology-Coimbatore in the title **“Basic aspects of Computational Fluid Dynamics & it's applications”**. He explained in detail about advantages of

learning CFD and how to get into core field by the help of this software knowledge. It was very useful and inspiring speech among participants.

On third day Dr.J.Bruce Ralphin Rose, Assistant Professor/Aeronautical engineering, Anna University Regional Campus, Tirunelveli shared his wide knowledge in the title “Advances in fluid mechanics”. It was very useful for students to learn new things about fluid mechanics problems and its applications.

Next day followed by Bruce, Dr.K.Sundararaj, Professor & HOD /Aeronautical engineering, Kumaraguru College of Technology-Coimbatore delivered such a wonderful presentation titled in “Compressible Flows with/without Shocks”. He explained the applications, principle and concepts of flow and shock. Later he shared his knowledge in compressible flow with shock and without shock. The presentation was useful and inspiring for the students as well as the faculty who had participated.

On fifth and last day of the program Dr. R. Santhanakrishnan, COE & Professor/Aerospace engineering, Amity University delivered a wonderful presentation on “Opportunities and Progress of Airline sector in India”. He gave ideas to students to how to get into airline sector and how the recruitment will be in airline sector.

Earlier, Welcome address was given by Mr.P.karthikeyan, AP/Aero for all five days. And the vote of thanks was given by Mr.K.Gokulnath, AP/Aero. The Head and the faculty members of the department graced the function with their presence.

Webinar on “**GLOAL CHALLENGES IN NEWPRODUCT DEVELOPMENT**”

A webinar on the topic of “**GLOAL CHALLENGES IN NEWPRODUCT DEVELOPMENT**” was organized by the Department of Mechanical Engineering in association with Society of Mechanical Engineers on 11.06.2020. **Dr.M.Natarajan Professor and R&D Consultant, Department of Mechanical Engineering, Adithya Institute of Technology, Coimbatore** was the Resource person. The Director Administration, **Dr. K.K.Ramasamy** and the Principal **Dr.M.Premkumar** supported for organizing the program. The webinar was convened by Professor & Head of the Department, **Dr.A.P.Sivasubramaniam**, Co-ordinated by Professor **Dr.K.Sundaramurthy**. The Welcome address was delivered by **Mr.G.Sabarinathan**, and the Chief Guest was introduced by **Ms. S. Anumithra** of Third year Mechanical students. Faculty members and students from actively participated in the webinar.

Dr.M.Natarajan explained how globalization has influenced the production methods and designing, modelling and fabrication of new products. He also described how the demand for quality, accuracy, safety and other features have changed the new product development scenario and the entry of modern methods that involve artificial intelligence and machine learning etc. He also briefed about Industry-0.4 that is the latest in manufacturing. In the end of the session, he clarified all the participants' doubts.

All the participated faculty members and students found the program very useful. At the end, **Mr. M. Karthikeyan** of third year mechanical engineering delivered the Vote of Thanks.

“CIVIL ENGINEERING, CAREER IN MILITARY SERVICE”

**One day webinar on “Civil Engineering, Career in Military Service” on 19.06.2020
presented by Col.Jacob G Podipara (Retd.), Associate Professor & Deputy Placement
officer in Coimbatore Institute of Technology, Coimbatore.**

The Department of Civil Engineering of Paavai Engineering College conducted technical webinar on 19.06.2020. The main aim of this webinar is to impart knowledge in technical area during the lockdown period.

Dr.M.Premkumar, Principal, Paavai Engineering College delivered his presidential address on the occasion. He addressed that, the students should use the maximum number of available opportunities in civil Engineering

Speaker of the day is Col.Jacob G Podipara (Retd.), Associate Professor & Deputy Placement officer in Coimbatore Institute of Technology, Coimbatore. He gave a brief presentation on “Civil Engineering, Career in Military Service”. The technical webinar was conducted in online mode through Google meet & Youtube live stream platform. Totally 64 participants got benefitted through Google meet and 99 participants benefitted through Youtube

live stream. All 163 participants submitted their feedback about the session. The keynotes of his session are:

1. Introduction to Defense career
2. Army – Role of Civil Engineers
3. Navy – Role of Civil Engineers
4. Air force – Role of Civil Engineers
5. Type of entry & their Remuneration
6. Selection process at SSBs and its procedure
7. Boarder road organization
8. Construction activities in army
9. Army – Combat tasks of corps Engineers and in disaster relief
10. Queries

Finally the vote of thanks was delivered by Ms.S.Dharshini, Final year Civil and our one day webinar was successfully concluded

Webinar on **"CHALLENGES METAL ADDITIVE MANUFACTURING"**

A webinar titled **"CHALLENGES METAL ADDITIVE MANUFACTURING"** was organized by the Department of Mechanical Engineering in association with Research wing on the day of 19.06.2020 from 11.30 AM to 12.30 PM. **Dr.A.Vinoth Jebaraj**, Associate Professor, Dept. of Design and Automation, School of Mechanical Engineering, VIT, Vellore was the Guest Speaker. The Director Administration, **Dr. K.K.Ramasamy** and the Principal **Dr.M.Premkumar** provided all the support for the conduct of the program. The webinar was convened by Professor & Head of the Department, **Dr.A.P.Sivasubramaniam**, Co-ordinated by Professor **Dr.K.Sundaramurthy** and Co-coordinated by Professor, **Dr.M.Makesh**. **Mr.R.Danush Maithraya** and the Chief Guest was introduced by **Mr. K. Abdullah**, both final year Mechanical students. Faculty members and students actively participated in the webinar in large numbers.

Dr.A.Vinoth Jabaraj explained various types of additive manufacturing techniques in practice and their working principles with opt examples. He also explained how additive manufacturing has invaded all fields like design, house building, medical field, research etc with case study videos. He answered the questions of the participants in the interactive session at the end.

All the participants benefitted immensely from the programme. Vote of Thanks was delivered by **Ms. M. Dharshini** and **Mr.P.Jayaprakash** took care of the master of ceremony, both, third year mechanical students.

WEBINAR ORGANIZED BY DEPARTMENT OF MECHATRONICS ON 25.06.2020

Department of Mechatronics, Paavai Engineering College organised a webinar titled 'Electro Chemical Machining and Its Applications' on 25.06.2020. Dr.T. Sekar, M.E., Ph.D. Associate Professor, GCT-Coimbatore said, "It is everyday things that are interesting, important, and intellectually difficult". His lecture helped the students to understand fundamental principles in Electro Chemical Machining processes, and aided students in securing foundational insights into concepts they might not otherwise find from a traditional lecture.

“AN APPROACH TO BETTER QUALIFIED CIVIL ENGINEERING 2020”

One day Technical webinar on “An Approach to Better Qualified Civil Engineering 2020” on 26.06.2020 presented by Jc.Er.A.S.Jeyabharathy, M.Tech, MBA, LLB, PhD, Proprietor of JB Construction and corresponded of SP modern school

A one day Technical webinar on the title **“An Approach to Better Qualified Civil Engineering 2020”** was organized by the Department of Civil Engineering, Paavai Engineering College on 26.06.2020. Mrs.B.Saranya, Assistant Professor, Civil welcomed the gathering.

Dr.M.Premkumar, Principal, Paavai Engineering College delivered his presidential address on this event. He addressed to students, about the career opportunities for civil engineering.

Mrs. J.Umanambi, Head of the Department introduced the speaker and gave an overview about the Webinar.

Jc.Er.A.S.Jeyabharathy, M.Tech, MBA, LLB, PhD, Proprietor of JB Construction and corresponded of SP modern school was the guest speaker. He explained about approaches towards better civil engineering in the year of 2020 and job opportunities for civil engineering in various forum. The Faculty members and students were actively participated in the program and the queries from the students and faculties were effectively replied by the speaker with rewards. Finally the vote of thanks was delivered by Mrs.S.Rajeswari, Assistant Professor, Civil and our one day webinar was successfully concluded. The session was very informative and knowledge gainable.

Webinar on "CREATING A LEAN CULTURE"

A webinar on the topic of "CREATING A LEAN CULTURE" was organized by the Department of Mechanical Engineering in association with Society of Mechanical Engineers on 27.06.2020. **Mr.Sharavan Kumar, Lean Expert** was the Chief Guest and gave the expert speech. The Director Administration, **Dr. K.K.Ramasamy** and the Principal **Dr.M.Premkumar** supported and guided for the conduct of the program. The webinar was convened by Professor & Head of the Department, **Dr.A.P.Sivasubramaniam**, Co-ordinated by Professor **Dr.K.Sundaramurthy** and Co-coordinated by Professor, **Dr.V.Subburam**. The Welcome address was delivered by **Ms. S. Anumithra**, and the Chief Guest was introduced by **Mr.G.Sabarinathan** both third year Mechanical students. Faculty members and students from different branches actively participated in the webinar.

Mr.Sharavan Kumar gave definition for lean culture and explained why it has become important for industries. As waste reduction leads to saving of money, time, labour, industries are following Lean-Management to increase the efficiency in all aspects. He explained through PPTs and videos how lean culture can be implemented. In the end of the session, he answered the questions of the participants.

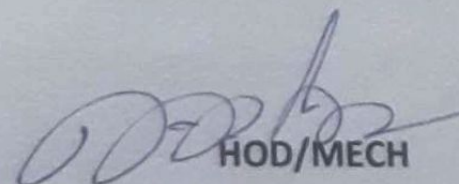

All the participated faculty members and students found the program very useful. At the end, **Mr. M. Karthikeyan**, third year mechanical engineering student delivered the Vote of Thanks.

The Department of Electronics and Communication Engineering, Paavai Engineering College (Autonomous) in association with Indian Society for Technical Education (ISTE) had organized an online webinar on “Recent trends in Microstrip Antenna Technology” on 15th July 2020. Dr.R.Mohana Priya, Associate Professor, ECE gave the

welcome note and introduced the Chief Guest, Dr. Swagata Sarkar , Professor & Head , Department of Artificial Intelligence, Sri Sairam Engineering College, Chennai.

In her lecture, she gave an introduction about “Antennas and Microstrip Antennas”. She elucidated about the types, structures and different substrates used for these antennas with its detailed operation. She also described about the different feeding techniques and its applications. She also highlighted the recent developments in Microstrip patch antenna such as Reconfigurable antenna technology, meta material technology, fractal design, reflect arrays and Genetic algorithm-based antenna design technology. She also explained about the Antenna fabrication, testing and also about network analyzer. She also simulated an antenna design using ANSYS and explained about it. Finally, she clarified the queries posted by the faculty members and students from different colleges at the end of the session.

The Vote of thanks was proposed by Dr.R.Mohana Priya, Associate Professor, ECE .This webinar was live telecasted in YouTube.

18.07.2020

The Department of Electronics and Communication Engineering, Paavai Engineering College (Autonomous) in association with IFERP had organized an online webinar on “Online Teaching Techniques and Tools” on 18th July 2020. Dr.R.Mohana Priya, Associate Professor, ECE gave the welcome note and introduced the Guest speakers, Dr.A.Kalaivani, Associate Professor, CSE Saveetha School of Engineering, Chennai and Dr.Vishaldatt Kohir, Professor, Mechanical Engineering, KBN University, Bangalore.

The first session of the webinar was handled by Dr.A.Kalaivani, Associate Professor, CSE Saveetha School of Engineering, Chennai. In her lecture, she gave an introduction about “Online Teaching” and explained the seven principles of a good teacher. She elucidated about the different types of online teaching techniques and strategies such as Cooperative and Self – paced learning. She also described about the GOOGLE CLASSROOM and its features. She also explained the usage of Google forms to conduct assessments, surveys, online quiz etc.

The second session of the webinar was handled by Dr.Vishaldatt Kohir, Professor, Mechanical Engineering, KBN University, Bangalore. In his talk, he stressed the importance of BLENDED LEARNING and its purpose using Google classroom. He also explained the pros and cons of blended learning with flipped classroom. He also narrated the importance of Online teaching and learning during COVID and its benefits to the stake holders. In addition, he elucidated about e-content, its types and pedagogical issues in e-content development and highlighted its importance for faculty and students. At the end of both the sessions, queries were posted and answered by the guest speakers. Finally, the session ended with a Vote of Thanks. This webinar was live telecasted in YouTube. Faculty members and students from different branches actively participated in the webinar.

Mr.R.Padmarajan in his PPT presentation explained how different types of heavy vehicles are designed and manufactured depending on their usage. The designing and materials are decided on factors like Load, terrain and other relevant influencing factors. Further he said that automation, artificial intelligence, robotics etc. are playing dominant role in the production of vehicles. In the end of the session, he answered the questions of the participants.

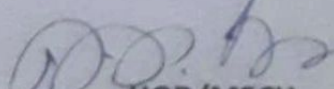

All the participated faculty members and students found the program very useful. Vote of Thanks was proposed by **Mr. M. Karthikeyan**, third year mechanical engineering student in the end.

Webinar on “Engineering Projects and Employable Skills”

A webinar on “Engineering Projects and Employable Skills” was conducted by the Department of Mechanical Engineering in association with the Training and Placement Cell on 03.07.2020. **Dr.T.Jayapoovan**, Professor, Dept. of Mechanical Engineering, School of Mechanical Science, Hindusthan University, Chennai. The Director Administration, **Dr. K.K.Ramasamy** and the Principal **Dr.M.Premkumar** motivated for the conduct of the program. The webinar was convened by Professor & Head of the Department, **Dr.A.P.Sivasubramaniam**, Co-ordinated by Professor **Dr.K.Sundaramurthy** and Co-coordinated by Professor, **Dr.V.Subburam**. The Welcome address was delivered by **Mr. K. Abdullah**, and the Chief Guest was introduced by **Mr.R.Danush Maithraya**, both final year Mechanical students. Faculty members and students from different branches actively participated in the webinar.

Dr.T.Jayapoovan explained how projects are carried out in industries and the skills required to handle projects successfully. He also emphasized that students should update their skills to match with the demands of the industry to utilize employment opportunities. He also gave many useful inputs to the students regarding employable skills. He answered many questions raised by the participants in the interactive session at the end.

All the participated students found the program immensely useful. The final year Mechanical Engineering students, **Mr.P.Jayaprakash** took care of the master of ceremony and **Ms. M. Dharshini**, delivered the Vote of Thanks.

Webinar on “RECENT ADVANCES IN MANUFACTURING”

A webinar on “RECENT ADVANCES IN MANUFACTURING” was organized by the Department of Mechanical Engineering in association with Society of Mechanical Engineers on 22.07.2020. **Dr.G.L.SAMUEL, Professor, Manufacturing Engineering Section, Department of Manufacturing Engineering, IIT, Madras** was the Resource Person. The Director Administration, **Dr. K.K.Ramasamy** and the Principal **Dr.M.Premkumar** supported and guided for the conduct of the program. The webinar was convened by Professor & Head of the Department, **Dr.A.P.Sivasubramaniam**, Co-ordinated by Professor **Dr.K.Sundaramurthy** and Co-coordinated by Professor, **Dr.V.Subburam**. The Welcome address was delivered by **Mr.R.Danush Maithraya** and the Chief Guest was introduced by **Mr. K. Abdullah** both final year Mechanical students. Faculty members and students in large number actively participated in the webinar with great interest.

Dr.G.L.SAMUEL explained the evolution of different types of manufacturing methods from olden days to modern times. He gave lot of examples to explain how modern manufacturing methods like additive manufacturing, automation, computer aided manufacturing etc. He showed many videos to explain the recent trends in manufacturing. He answered the questions of the participants in between the session and elaborately in the end.

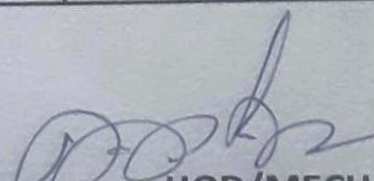

All the participated faculty members and students found the program very useful. The final year Mechanical Engineering students, **Mr.P.Jayaprakash** took care of the master of ceremony and **Ms. M. Dharshini**, delivered the Vote of Thanks.

One day Webinar on

“ENVIRONMENT IMPACT ASSESSMENT (EIA) FOR BUILDING AND CONSTRUCTION PROJECTS”

One day webinar on “Environment Impact Assessment (EIA) for Building and Construction Projects” on 02.11.2020 presented by Er.N.Senthilkumar, B.Tech., MS.,MBA., MIE, Global Lab and Consultancy Services, Salem

The Department of Civil Engineering of Paavai Engineering College conducted technical webinar on 02.11.2020. The main aim of this webinar is to impart knowledge in technical area during the lockdown period.

Dr.M.Premkumar, Principal, Paavai Engineering College delivered his presidential address on the occasion. He addressed to students about the importance and growth of Environment and individual role to maintain its protection.

Mrs. J.Umanambi, Head of the Department introduced the speaker and gave an overview about Environment Impact Assessment.

Er.N.Senthilkumar, B.Tech, MS.,MBA. MIE, Global Lab and Consultancy Services, Salem was the guest speaker. He explained about the concept and aim of Environment Impact Assessment with its importance. He also elaborated about the EIA process in various fields.

Faculty members and students actively participated in the program and the queries from the students and faculties were effectively replied by the speaker.

Finally the vote of thanks was delivered by Mr. R.Surya, Second year student and our one day webinar was successfully concluded. The session was very informative and knowledge gainable.

“Applications of IOT in Biomedical Engineering”

A Guest Lecture on “Applications of IOT in Biomedical Engineering” was organized by the Department of **Biomedical Engineering** on 02.02.2021. The guest speaker Dr.S.Rajasekaran, Associate Professor, Department of ECE , Jeppiaar Mamallan Engineering College, Kanchipuram. He expressed his experience to a student which gave him confidence to face the interviews in outside the campus. The session was carried over on the title “Applications of IOT in Biomedical Engineering”. He shared the information about the importance of the Biomedical engineering students in the companies worldwide. He told the student to Pay attention, give the speaker your undivided attention and acknowledge the message. Then he noted the IOT based Biomedical instruments used in the various hospital and its working function. Next he moved to the analytical skill about the company instruments.

The main content is a PowerPoint presentation slide titled "Opto Electronics – Light Sources and Display devices" by Dr. L. BHARATHI, Professor & Head, Department of Electronics and Communication Engineering, Ramachandra College of Engineering, Eluru, A.P. The slide features the college's logo at the top. A sidebar on the left shows a list of slides, with the first slide titled "Opto Electronics - Light Sources and Display devices" selected. The bottom of the window shows a Zoom interface with a grid of participant icons (labeled with letters H, B, R, A, V, R, N, Y, S) and a video feed of a participant.

The Department of Electronics and Communication Engineering, Paavai Engineering College (Autonomous) had organized an online webinar on “Opto Electronics - Light sources and Display devices” on 13th March 2021. Ms.P.Durga , Final year ECE gave the welcome note. Mr.Yuthan, Third year ECE , introduced the Chief Guest, Dr.L.Bharathi, Professor & Head , ECE, Ramachandra College of Engineering, Andhra Pradesh. In his lecture, he gave an introduction about semiconductors and photonics. He elucidated about the Light sources and display devices such as Light emitting diode and LASER with its detailed operation. He explained about the types of LED structures and its applications in various arenas.

He also highlighted the importance of various other display devices such as CRT, LCD and different photo detectors such as Photodiode, Photo transistors and Photo multipliers. He also added that “Optical Technology” will be the future of all developments in this field. Finally, he clarified the queries posted by the students at the

end of the session. The Vote of thanks was proposed by Ms.P.Keerthana from Third year ECE. Dr.R.Mohana Priya, Associate Professor,ECE and Mr.S.Vijayakumar, Assitant Professor,ECE were the coordinators.

17.03.2021

The Department of Electronics and Communication Engineering, Paavai Engineering College (Autonomous) has organized an Alumni Guest Series on “Career Opportunities for Higher Studies in Abroad” on 17th March 2021 through virtual meet. Mr.B.Abirama Kannan from final year ECE welcomed the gathering. In the presidential address, Dr.M.Premkumar, Principal, motivated the students regarding the numerous opportunities available to cater the needs of the students and also stressed the importance of such programmes organized by the department.

Miss.Anusiya Marimuthu, student, pursuing MS in Electrical Engineering, Researching in Optics (Geron Technology), Yuan Ze University, was the Alumni guest speaker. In her lecture, she explained about the needs and importance of higher studies in abroad. In her presentation, she elaborated all the criteria's for higher studies in Taiwan Universities. She clarified about the facilities and scholarships provided by the Yuan Ze University for her Higher Studies. Her lecture was mainly focused to know the career opportunities and her experiences for a better future in Yuan Ze University. The vote of thanks was proposed by Miss.R.Harini of final year ECE.

“WATER – AN ELIXIR OF LIFE”

One day Technical webinar on “Water – an Elixir of Life” on 27.03.2021 presented by Dr.A.Ranganthan, Research head, Irrigation Management Training Institute, Trichy

A one day webinar on the title **“Water – an Elixir of life”** was organized by the Department of Civil Engineering, Paavai Engineering College in association with ISTE on 27.03.2021. Mr.V.Naveen, Third year student welcomed the gathering.

Dr.M.Premkumar, Principal, Paavai Engineering College delivered his presidential address on this event. He addressed to students, about the importance of water and demand of water in world.

Mrs.J.Umanambi, Head of the Department introduced the speaker and gave an overview about Water an elixir of life.

Dr.A.Ranganthan, Research head, Irrigation Management Training Institute, Trichy was the guest speaker. He explained about water is the true elixir of life. Every animal and every plant contains a large proportion of water in its body. The moisture of the soil is equally important for plants and trees. The conservation and utilization of water is fundamental for human welfare Faculty members and students actively participated in the program and the

queries from the students and faculties were effectively replied by the speaker.

Finally the vote of thanks was delivered by Mr. A.Ignashious Pinto, Second year student and our one day webinar was successfully concluded. The session was very informative and knowledge gainable.

VENUE : Microsoft Team

Date : 11.04.2021

The Department of Agriculture Engineering organized Webinar on “CULTIVATION PRACTICES OF VEGETABLES (BABY CORN, SWEET CORN & TOMATO)” on 11.04.2021. Guest Speaker Our Alumni, **Mr.K.Nagarjun.B.E. Farming, Associate, Field Fresh Foods Private Limited, Hosur**. He gave us a clear cut idea about the cultivation practices of vegetables such as baby corn, Sweet corn and Tomato. He explained about the seasons during which the crop can grow, the duration of the crops and the suitable climatic conditions for the crop to grow. He also added about the cultivation practices from sowing till harvesting of the crops. He suggested the students to develop employability skills, academic skills, personal attributes and knowledge about how organizations work. It was really an eye opener session for the students as well as faculties.

“INAUGURATION OF IETE STUDENTS FORUM”

19.05.2021

The Department of Electronics and Communication Engineering, Paavai Engineering College has inaugurated IETE Students forum on Wednesday 19th May 2021 at 5.00p.m through a virtual meeting conducted through Microsoft teams. The session commenced with a welcome address by Selvan.B.Ramachandra, Secretary, IETE Students Forum, Paavai Engineering College. Followed with that, Dr.M.Premkumar, Principal, Paavai Engineering College gave his presidential address. In his address, he insisted that students should utilize such forums to enhance their career by exchange of knowledge

with technical experts from that forum. It will also be helpful for them to participate in conference, workshop and publish paper in conferences. Then Mr.K.Kavinkumar, Honorary Treasurer, IETE Erode Centre delivered the inaugural address. In his address, he stressed the importance of IETE membership, its benefits and the various opportunities through this IETE student's forum. And he briefly explained what can be done with ISF. Also he explained about all the events they have conducted through this IETE Students Forum at Kongu Engineering College, Erode. Finally selvan.V.Praveen, Chairman, ISF delivered the vote of thanks
