Faculty Development Programme on "**Energy storage devices**"

A Two day Faculty Development Programme (FDP) on "**Energy storage devices**" was conducted by department of chemistry, Paavai Engineering College on 20.02.2020- 21.02.2020 at Cute Hall, Paavai Engineering College. Dr.S.Vadivel, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Physics belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

Faculty Development Programme is to promote basic and advanced research related to energy storage and its application for sustainable developments. Electrochemical energy storages like batteries, supercapacitors, fuel cells have been a leading solution for electrified/green transportation, renewable power grid, consumer electronics, etc. by taking care of the intermittency problem of renewable power sources. Efficient modeling, estimation, optimal control, cyber security, etc. are the primary research concern for efficient utilization of energy storage devices. Hence, this FDP plans to bring more awareness and instil research interest in the related areas into the minds of experienced as well as budding researchers. The session ended up with doubts and questions by our staffs their doubts. Mrs. S. Kavitha, ASP/Physics proposed the vote of thanks.

KARTHIKEYAN P

has successfully completed the online, non-credit Specialization

Autodesk CAD/CAM/CAE for Mechanical Engineering

The demand placed on today's engineers goes above and beyond the job description. Products have become complex and engineers are more frequently asked to leave specialized roles and to take on a wide variety of tasks that are beyond their traditional responsibilities. Engineers need to factor in broader concerns such as cost, procurement, sustainability, manufacturability, and serviceability. This means not only understanding engineering principles that govern the title and role, but also perfecting the toolsets needed to design and develop products. Through this specialization, you'll learn the foundations of applying computer aided design (CAD), computer aided engineering (CAE), and manufacturing principles while developing your technical skills within Autodesk Fusion 360.

KARTHIKEYAN P

has successfully completed the online, non-credit Specialization

Autodesk CAD/CAM for Manufacturing

Through this specialization, learners were introduced to the latest technology trends across the manufacturing industry, including computer-aided design (CAD) and computer-aided manufacturing (CAM). Learners explored the manufacturing process in depth, and completed hands-on projects for practice of important skills, including CAD, CAM, and toolpath creation. Learners demonstrated creative confidence and practiced job ready CAD and CAM skills in order to become competent users of Autodesk® Fusion 360™ in a digital manufacturing environment.

- Introduction to CAD, CAM, and Practical CNC Machining
- 3-Axis Machining with Autodesk Fusion 360
- Creating Toolpaths for a CNC Lathe
- Multi-Axis CNC Toolpaths

AICTE sponsored online STTP on “DATA SCIENCE TECHNOLOGIES” 19-10-20 to 24-10-20

The Department of Computer Science and Engineering, organized a short term training programme for Faculty on the title, AICTE sponsored online STTP on “DATA SCIENCE TECHNOLOGIES”.Data Science is a blend of various tools, algorithms, and machine learning principles with the goal to discover hidden patterns from the raw data. Data Science is primarily used to make decisions and predictions making use of predictive causal analytics, prescriptive analytics (predictive plus decision science) and machine learning.in the first phase Dr.BALACHANDRAN.K Prof &Head Christ (Deemed to Be University) Karnataka elaborated on Data Science & Its Life Cycle. Dr.Cherukuri Ravindranath ChowdaryProf/CSE and Mr.Chinnasamy Manickam Software Developemnt NTT Data, Canada described about machine learning concepts. Rajkumar Kalaimani Senior Systems Engineer, Infosys Ltd,Chennai introduced about Data Science with R. Dr.R.Srinivasan SRM Institute of Science And Technology, Chennai gave a hands on exposure about Data Science Setting up Environment and Programming with PYTHON. Dr.T.Chellatamilan, Associate Professor Vellore Institute of Technology Vellore gave real time examples and scenarios on the need and use of Data Modelling and Statistical Analysis. Dr.G.Vadivu,Head/IT SRM Institute of Science and Technology, Chennai interactively discussed about case studies in Data Science; on the whole the first phase was informative about the arising impact of data science.

AICTE sponsored online STTP on “DATA SCIENCE TECHNOLOGIES” 02-11-20 to 07-11-20

The Department of Computer Science and Engineering, organized a short term training programme for Faculty on the title, AICTE sponsored online STTP on “DATA SCIENCE TECHNOLOGIES”. Data Science is a more forward-looking approach, an exploratory way with the focus on analyzing the past or current data and predicting the future outcomes with the aim of making informed decisions. It answers the open-ended questions as to “what” and “how” events occur. In the second phase Dr.Cherukuri Ravindranath Chowdary Prof/CSE Christ (Deemed to Be University), Karnataka elaborated on Data Science in machine learning and machine learning algorithms. Dr.BALACHANDRAN.K Prof&Head elucidated about Data Science and life cycle with real time examples. Rajkumar Kalaimani Senior Systems Engineer, Infosys Ltd, Chennai demonstrated real-time case studies of data science with R. Dr.R.Srinivasan SRM Institute of Science and Technology, Chennai gave more examples on hands on demonstration and illustration exposure about Data Science, Setting up Environment and Programming with PYTHON. Dr.G.Vadivu, Head/IT SRM Institute of Science and Technology, Chennai interactively discussed about few more case studies in Data Science .The session was useful to all open ended questions on the data sources, approach, focus and tools behind data science.

Rajkumar Kalaimani Senior Systems Engineer, Infosys Ltd, Chennai demonstrated the need of R programming and R programming, data wrangling with dplyr, data visualization with ggplot2, file organization with UNIX/Linux, version control with git and GitHub, and reproducible document preparation with RStudio. Dr.R.Srinivasan SRM Institute of Science and Technology, Chennai gave an overview of environment setup for python programming. Dr.J.SOMASEKAR Prof&Head, Gopalan College of Engineering and Management,Bangalore handled the session on Importance of Probability and Statistics in Data Science and application ,research areas in data science. Dr.G.Vadivu, Head/IT SRM Institute of Science and Technology, Chennai interactively discussed on case studies in Data Science .The session was useful to know what all we need to be a Data Scientist, the skills like data processing with statistical and domain expertise with machine learning algorithms .

AICTE sponsored online STTP on "DATA SCIENCE TECHNOLOGIES" 7-12-20 to 12-12-20

The Department of Computer Science and Engineering, organized a short term training programme for Faculty on the title, AICTE sponsored online STTP on "DATA SCIENCE TECHNOLOGIES". Data Science is a more forward-looking approach, an exploratory way with the focus on analyzing the past or current data and predicting the future outcomes with the aim of making informed decisions. It answers the open-ended questions as to "what" and "how" events occur. In the fourth phase ; Dr.BALACHANDRAN.K Prof&Head elucidated on Data Science and machine learning algorithms like supervised learning ,unsupervised learning and reinforcement learning with real time examples; Dr.Cherukuri Ravindranath Chowdary Prof/CSE Christ (Deemed to Be University), Karnataka elaborated about brief overview of the main phases of the Data Science Lifecycle-discovery, data preparation ,model planning ,model building ,data operationalizing and result communication. Rajkumar Kalaimani Senior Systems Engineer, Infosys Ltd, Chennai demonstrated research areas on data science with R programming, Dr.R.Srinivasan SRM Institute of Science and Technology, Chennai gave an overview of environment setup for python programming. Dr.J.SOMASEKAR Prof&Head, Gopalan College of Engineering and Management, Bangalore handled the session on Importance of Probability and Statistics and application, research directions in data science. Dr.G.Vadivu, Head/IT SRM Institute of Science and Technology, Chennai interactively discussed on case studies in Data Science .The session was useful to know what all we need to be a Data Scientist and the faculty members had an exposure of application of machine learning algorithms.

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An Autonomous institution) was started in the year 2001 and promoted by PAAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, Accredited by NBA, and Accredited by NAAC (UGC) with "A" grade and affiliated to Anna University, Chennai. The college has the vision to strive to be a globally model institution all set for taking a 'lead-role' in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from ICMR, AICTE, TNSCST, MHRD and other funding agencies. The college attracts outstanding students by virtue of its discipline, modern infrastructure, Library and faculty. The Centre of excellence are IIT Bombay resource center, EMC3Academic alliance, ORACLE Academy, Paavaisoft Innovation center, and Infosys Campus Connect.

ABOUT THE DEPARTMENT

The Department Of Chemical Engineering came into existence in the year 2015. The Department offers Undergraduate program in Chemical Engineering. The department is much focused to deliver a high quality of education to the students. It has well equipped labs for the students to enhance themselves with practical applications. The Department creates opportunities for their students to think out of box in order to get molded as world class professionals, capable of contributing to the welfare of society. The faculty members are having good research, teaching experience and have registered for five Patents. The faculty members has received research grants from AICTE, TNSCST, FAER and other funding agencies. The Department constantly motivates the students and faculty members for the collaborative projects and research groups.

An Awareness Programme- Green Engineering Concepts and Treatment Methods for Farmers in Rural Area

Agriculture is the practice of cultivating plants and livestock. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that enabled people to live in cities. Indian agriculture is plagued by several problems; some of them are natural and some others are manmade. Our farmers do not have properly record their incomes and expenses. Most of the time, they spend more when they have more due to illiteracy. There are frequent litigations among farmers directly or indirectly.

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An Autonomous Institution) was founded in the year 2001 and promoted by PAAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal oriented technical education establishing a center of excellence in Engineering and Technology. The College is approved by AICTE, accredited by NBA and NAAC (UGC) with "A" grade and affiliated to Anna University, Chennai. The Vision of the College is to strive to be a global model institution all set for taking a 'lead-role' in grooming the younger generation to be socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from ICMR, AICTE, TNSCST, MHRD and other funding agencies. The College attracts outstanding students by virtue of its discipline, modern infrastructure, good library and excellent faculties. The Sources of Excellence are IIT Bombay 's Resource Center, EMC2 Academic Alliance, ORACLE Academy, Paavaisoft Innovation Center, and Infosys Campus Connect.

ABOUT THE DEPARTMENT

The Department of Chemical Engineering came into existence in the year of 2015. The Department offers Undergraduate Programme in Chemical Engineering. The department is much focused to deliver a high quality of education to the students. It has well equipped laboratories for the students to enhance themselves with practical applications. The Department creates opportunities for its students to think out of box in order to get molded as world class professionals and capable of contributing to the welfare and development of societies. The faculty members are having good research, teaching experience and have registered for five Patents. The faculty members have received research grants from AICTE, TNSCST, FAER and other funding agencies. The Department constantly motivates the students and faculty members for the collabo-

An Awareness Programme- Green Engineering Concepts and Treatment Methods for Farmers in Rural Area

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An Autonomous Institution) was founded in the year 2001 and promoted by PAAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal oriented technical education establishing a center of excellence in Engineering and Technology. The College is approved by AICTE, accredited by NBA and NAAC (UGC) with "A" grade and affiliated to Anna University, Chennai. The Vision of the College is to strive to be a global model institution all set for taking a 'lead-role' in grooming the younger generation to be socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from ICMR, AICTE, TNSCST, MHRD and other funding agencies. The College attracts outstanding students by virtue of its discipline, modern infrastructure, good library and excellent faculties. The Sources of Excellence are IIT Bombay 's Resource Center, EMC2Academic Alliance, ORACLE Academy, Paavaisoft Innovation Center, and Infosys Campus Connect.

ABOUT THE DEPARTMENT

The Department of Chemical Engineering came into existence in the year of 2015. The Department offers Undergraduate Programme in Chemical Engineering. The department is much focused to deliver a high quality of education to the students. It has well equipped laboratories for the students to enhance themselves with practical applications. The Department creates opportunities for its students to think out of box in order to get molded as world class professionals and capable of contributing to the welfare and development of societies. The faculty members are having good research, teaching experience and have registered for five Patents. The faculty members have received research grants from AICTE, TNSCST, FAER and other funding agencies. The Department constantly motivates the students and faculty members for the collaborative projects and research groups.

An Awareness Programme- Green Engineering Concepts and Treatment Methods for Farmers in Rural Area

Agriculture is the practice of cultivating plants and livestock. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that enabled people to live in cities. Indian agriculture is plagued by several problems; some of them are natural and some others are manmade. Our farmers do not have properly record their incomes and expenses. Most of the time, they spend more when they have more due to illiteracy. There are frequent litigations among farmers directly or indirectly. In this STTP program we are about to discuss all the advancements and problems associated with in agricultural sector.

Solar PV Technology: Envisaged Future Challenges and Mitigation Methods for High Photovoltaic Penetration

An AICTE Sponsored six days online Short Term Training Programme (STTP) on "Solar PV Technology: Envisaged Future Challenges and Mitigation Methods for High Photovoltaic Penetration" was conducted by Department of EEE from 19/10/2020 to 24/10/2020 at Paavai Engineering College. Resource persons invited from PSG College of Technology, Anna University, SRM University, GCE Salem, NIT Tiruchirapalli, VIT college professors and Global Application Manager Infineon Technologies India Pvt Ltd Germany.

Totally 54 faculties from different engineering colleges were attended in this program. This STTP helped the faculties to understand Solar PV Technology such as Demonstration and simulation of characteristics of solar panel, Present status and future trends of PV technology, Future challenges and mitigation methods for high PV penetration, Power Converters Issues and Tools, Grid-Tied Solar PV Systems, Role of artificial intelligence in PV systems, Challenges and Mitigation Methods of PV Systems and Implementation of MPPT for Solar PV Systems. These sessions helped the faculties for improving their skills of Solar PV Technology.

S . N o	DATE & SESSION	RESOURCE PERSON	Topic
1	19-10-2020 & Session 1	Dr.L.Ashok kumar, Professor, PSG College of Technology, Tamil Nadu	Introduction of Solar PV Systems
2	19-10-2020 & Session 2	Dr.R.Ramesh Professor, Anna University, Chennai.	Demonstration and simulation of characteristics of solar panel, Present status and future trends of PV technology
3	20-10-2020 & Session 1	Dr.S.Manikandan, Research Assistant Professor, SRM University, Chennai.	Future challenges and mitigation methods for high PV penetration
4	20-10-2020 & Session 2	Dr.C.Govindaraju Professor, Government college of Engineering Salem	Power Converters Issues and Tools
5	21-10-2020 & Session 1	Dr. V. Sankaranarayanan Professor, National Institute of Technology Tiruchirapalli – Tamilnadu	Grid-Tied Solar PV Systems
6	21-10-20 & Session 2	Dr. V. Sankaranarayanan Professor, National Institute of Technology Tiruchirapalli – Tamilnadu	Grid-Tied Solar PV Systems
7	22-10-2020 & Session 1	Dr.S.Uma Professor, Anna University, Chennai.	Role of artificial intelligence in PV systems
8	22-10-2020 & Session 2	Dr.S.Uma Professor, Anna University, Chennai.	Role of artificial intelligence in PV systems
9	23-10-2020 & Session 1	Dr.D.Sakthivadivel, Associate Professor Vellore institute of technology	Challenges and Mitigation Methods of PV Systems
10	23-10-2020 & Session 2	Dr.D.Sakthivadivel, Associate Professor Vellore institute of technology	Challenges and Mitigation Methods of PV Systems
11	24-10-2020 & Session 1	Er.Suresh Thangavel Global Application Manager Infineon Technologies India Pvt Ltd Germany.	Implementation of MPPT for Solar PV Systems

Solar PV Technology: Envisaged Future Challenges and Mitigation Methods for High Photovoltaic Penetration

An AICTE Sponsored six days online Short Term Training Programme (STTP) on "Solar PV Technology: Envisaged Future Challenges and Mitigation Methods for High Photovoltaic Penetration" was conducted by Department of EEE from 9/11/2020 to 14/11/2020 at Paavai Engineering College. Resource persons invited from PSG College of Technology, Anna University, SRM University, GCE Salem, NIT Tiruchirapalli, VIT college professors and Global Application Manager Infineon Technologies India Pvt Ltd Germany.

Totally 56 faculties from different engineering colleges were attended in this program. This STTP helped the faculties to understand Solar PV Technology such as Demonstration and simulation of characteristics of solar panel, Present status and future trends of PV technology, Future challenges and mitigation methods for high PV penetration, Power Converters Issues and Tools, Grid-Tied Solar PV Systems, Role of artificial intelligence in PV systems, Challenges and Mitigation Methods of PV Systems and Implementation of MPPT for Solar PV Systems. These sessions helped the faculties for improving their skills of Solar PV Technology.

Solar PV Technology: Envisaged Future Challenges and Mitigation Methods for High Photovoltaic Penetration

An AICTE Sponsored six days online Short Term Training Programme (STTP) on "Solar PV Technology: Envisaged Future Challenges and Mitigation Methods for High Photovoltaic Penetration" was conducted by Department of EEE from 23/11/2020 to 28/11/2020 at Paavai Engineering College. Resource persons invited from PSG College of Technology, Anna University, SRM University, GCE Salem, NIT Tiruchirapalli, VIT college professors and Global Application Manager Infineon Technologies India Pvt Ltd Germany.

Totally 76 faculties from different engineering colleges were attended in this program. This STTP helped the faculties to understand Solar PV Technology such as Demonstration and simulation of characteristics of solar panel, Present status and future trends of PV technology, Future challenges and mitigation methods for high PV penetration, Power Converters Issues and Tools, Grid-Tied Solar PV Systems, Role of artificial intelligence in PV systems, Challenges and Mitigation Methods of PV Systems and Implementation of MPPT for Solar PV Systems. These sessions helped the faculties for improving their skills of Solar PV Technology.

Five days online Faculty Development Programme (FDP) on "Recent Advancements in Green and Sustainable Energy Resources" dated at 29th June 2020 to 03rd July 2020 was conducted by Department of EEE in Paavai Engineering College. Resource persons invited from SRM University, Anna University and VIT colleges. One session handled by Dr.K.Jagatheesan of Electrical and Electronics Engineering Department in Paavai Engineering College.

Totally 91 faculties from different engineering colleges were attended in this program. This FDP helped the faculties to know about introduction of green energy resources and its types, various conversion methods for green energy generation, wind energy conversion system, bio energy for sustainable development, solar photovoltaic energy conversion system and hydrogen energy for future. These sessions helped the faculties for improving their skills of Recent Advancements.

DEPARTMENT OF INFORMATION TECHNOLOGY

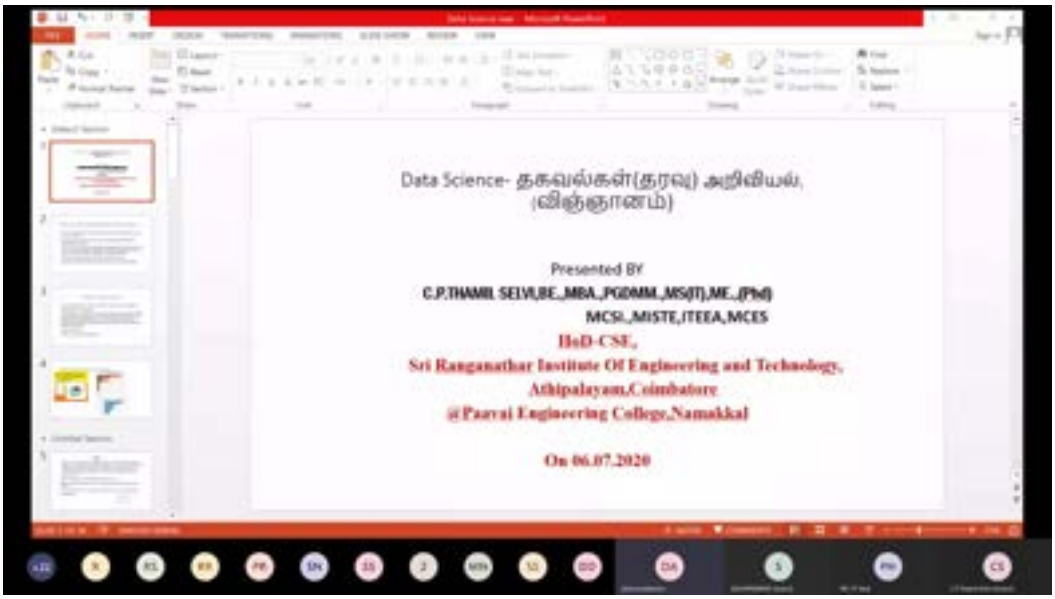
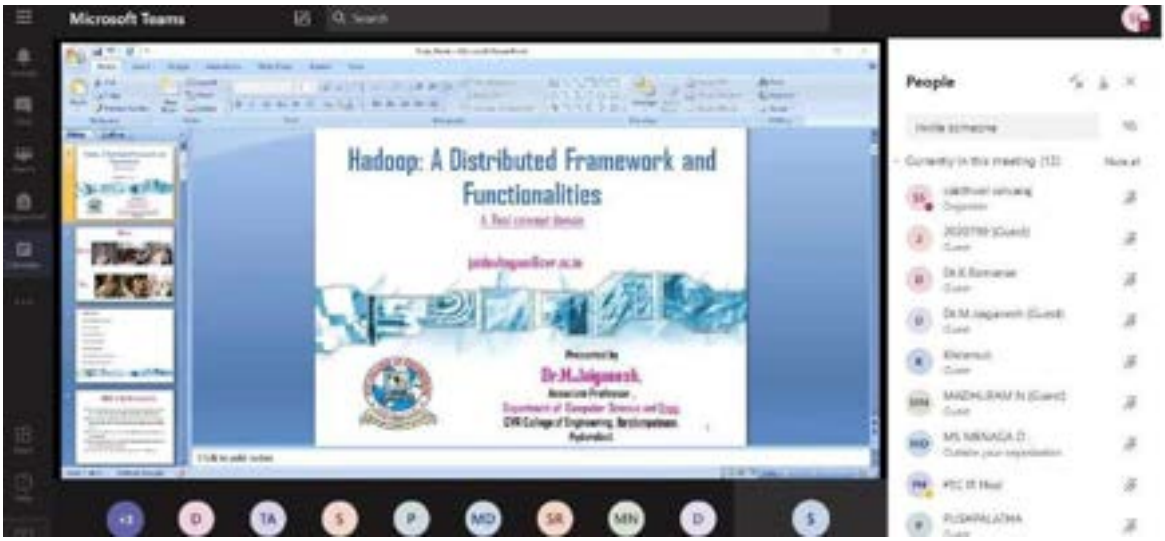
FACULTY DEVELOPMENT PROGRAMME ON "FUTURE SCOPE IN IT" ON 6-7-2020 TO 10-7-2020

Department of Information Technology, Paavai Engineering College organized A Five-Day Faculty Development Programme on "Future Scope in IT" on 6th July 2020 to 10th July 2020 through online. Head of the Department / IT Mr.B.Venkatesan welcomed the gathering. In the presidential address, Dr.K.Selvi Dean Academics, motivated the faculty members by all means by making them to participate themselves in this programme.



The Day 1 class was on "Data Science" initiated by Mrs.C.P. ThamilSelvi, Associate Professor & Head, Sri Ranganathar Institute of engineering and Technology. "Intelligent Process Automation" subject was discussed on Day 2 by Dr.T.Velmurugan, Associate

Professor, PG & Research Department of Computer Application, D.G.Vaishnav College. Mr.Sabarinathan Muthu , Technical Manager ,Gateway Software Solution elaborated the topic “Cyber Security” on Day 3.The topic “Deep Learning” was illustrated by Dr.S.V.Subburaj , Director , VVV College for Women on Day 4.Dr.M.Jaiganesh, Professor , CVR College of Engineering explained the topic “Hadoop: A Distributed Framework and Functionalities of HDFS”on Day 5.



Various highlights and application in all the topics helped us to understand better and the way they took the seminar made some impact on us and hoping that, this will improve our career to a greatest extent. It was very good learning experience.

The vote of thanks was proposed by Mr.S.Rajesh ASP/IT. The Programme was very helpful to us.

Sir / Madam,

Sub: Invitation for Five Days Faculty Development Program from 14th July to 18th July 2020-Reg.

With a great complacent we would like to inform you that our **Civil Engineering Department** of **Paavai Engineering College** is organizing Five Days Faculty Development Program on "**MODERN DEVELOPMENTS IN CONCRETE AND CONSTRUCTION AREAS**" from 14th July to 18th July 2020.

We aim at providing a platform where highly ambitious minds will get an opportunity to show their abilities.

Please find the enclosed brochure giving the details of the FDP.

Expecting a positive response in this regard.

The interested faculty and students can fill the google form attached below for your reference.

Five Day FDP on "Modern Developments in Concrete and Construction Areas"

14.07.2020- 18.07.2020

Five Day FDP on **"Modern Developments in Concrete and Construction Areas"** was organized by Department of Civil Engineering, Paavai Engineering College from **14.07.2020 to 18.07.2020**. The main aim of this Faculty Development Programme is to impart knowledge in technical area during pandemic period.

The day 1 of the programme is started with the topic "Research areas in Civil Engineering" by Dr.D. Jegatheeswaran, Professor, Civil Engineering department, Sona College of Technology, Salem. He delivered a brief note on research techniques and its implementations in construction areas. And also gave a detailed note on 3D analyzing techniques.

The day 2 of the programme is started with the topic "Modern Construction Practices" by Prof. K. Prasad Babu, Professor, Civil Engineering department, Mahendra College of Engineering,

Salem. He detailed about the various construction practices as per recent technology and also narrated about the different form work systems.

The day 3 of the programme is started with the topic “Mechanically Stabilized Earth walls” by Dr. B.Soundara, Professor & Head, Civil Engineering department, Bannariamman Institute of Technology, Sathyamangalam. She delivered about the various types of retaining walls and also about soil stabilization techniques.

The day 4 of the programme is started with the topic “Concrete Materials” by Dr.J.Karthikeyan, Associate Professor, Civil Engineering Department, NIT, Trichy. He gave a brief lecture on various construction materials, properties and its applications and also narrated about light weight concrete materials.

The day 5 of the programme is started with the topic “Studies on the Reuse of Industrial Effluents for Construction Practices” by Dr.K.Nirmal kumar, Professor, Civil Engineering department, Kongu Engineering College, Erode. He narrated about the reuse materials and influences in the construction practices.

PAAVAI ENGINEERING COLLEGE
AUTONOMOUS
DEPARTMENT OF MECHATRONICS
FACULTY DEVELOPMENT PROGRAMME
Application Of Tools & Techniques In Research Methodlogy

A three-days faculty development programme on **"Application Of Tools & Techniques In Research Methodlogy"** was held at Paavai Engineering College, from July 21.7.2020 to 23.7.2020. The FDP aims to provide opportunities to faculty members to enrich their teaching skill. The Programme also intends to develop the knowledge of participants for Research Methodlogy with advanced tools in the relevant field for inculcating learning values in students and guiding and monitoring their progress. The FDP was attended by 213 participants. Mr.P.Senthil Kumar, Associate Professor, Department of Chemical Engineering, SSN College of Engineering has delivered an interactive lecture on "Research Design and Easy Methodlogy to write an Effective Research Paper". In this session participants learned the meaning and importance of write an effective research paper. Dr.B.Chitti Babu, Assistant Professor, IIITDM Kancheepuram, conducted the session on "Paper Reviewed Model & Publocation Process in SCI Journal". In this session, he explained the paper publication process SCI journal and benefits. Mr.Sumesh, Assistant Professor, Department of Mathematics, St.Johns College has delivered an interactive lecture on "Data Plot Using Python".

Thus the three-days faculty development programme on **"Application Of Tools & Techniques In Research Methodlogy"** was successfully completed in effective manner. All members involved were delighted with this learning initiative and value addition experience. The feedback received conveyed that the programme was intellectually enriching and qualitatively engrossing. The programme accomplished its set objectives and was a grand success.

Time : 10.00 a.m.

Venue : Cute Hall

ALL ARE WELCOME

The Department of ECE has organized a one day workshop on “Ethical Hacking” on 20.12.19 at Cute Hall. The Programme commenced by invoking the blessings of the Almighty. Dr.K.Selvi, Dean Academics presided over the function. In her presidential address, she mentioned the importance of ethical hacking. She said that “Ethical Hacking” creates a wider impact in today’s modern era. She also gave some real time examples of hacking since the beginning of this decade. Mr.S.Vivek, CEO, Ozone Cyber Security, Kerala was the Chief guest. He delivered the Keynote address .In his talk he spoke about ethical hacking and its significance in today’s world. He added that it is not only the role of IT engineers but also meant for other Department engineers. He also gave a gist about simple hacking techniques in everyday routine. The session commenced with the brief introduction of hacking and its types. He gave a vivid idea of site security and also explained the difference between hacking and ethical hacking. He expounded their nature of work like submitting reports to their network admin which clarified the difference of legal and illegal hacking. He threw some lights on router and its usage, vulnerability in hacking, testing the websites legally. Knowledge on Linux based software, denial of Service attacks, security tools SQL and Wi-Fi protected access like WPA,WEP, WPA2 involved in hacking were also explained by him. Trainees gave a demonstration on assessing the security of websites, computer systems, mobiles, malicious hacking, security posture of target system. Hands-on training was given to hack small websites through their applications using mobile phones. They gave us essential procedures to hack computer systems. Earlier Ms.R.Abinaya from Third year ECE gave the welcome address. Ms.M.Jesima Yasmeen from Third year ECE introduced the Chief guest. Mr.B.Abirama Kannan proposed the Vote of thanks. At the end of the day, students gained knowledge about basic hacking methodologies and awareness about security attacks

Report on Faculty Development Programme

The Faculty Development Programme on Electromagnetic Fields (FDP-2019) was successfully conducted by the Department of Electronics and Communication Engineering, on 17th June 2019, arranged by Department of Faculty Development, Paavai Engineering College (Autonomous), Namakkal.

The programme was inaugurated in the forenoon by Dr. K.K. Ramasamy, Director-Admin, Paavai Institutions in the presence of Dr. M. Premkumar, Principal, Paavai Engineering College, Dr. K. Selvi, Dean-Academics. The inauguration was followed by the welcome address by Dr. K. Selvi. Dr. K.K. Ramasamy delivered his presidential address on the pedagogical aspects of FDP and how it becomes more effective towards student centric teaching learning. Dr. M. Prem Kumar delivered his special address on the importance of continuous learning among faculty to create the curiosity on pedagogical approach in teaching among the participants.

The first session was handled by Professor C.Vanaja on the topic 'Electrostatic fields'. In this deliberation, she discussed in detail about the co-ordinate systems, vector differential operators and various laws of electrostatic fields. The applications of those laws were also discussed in detail. This session ended with tutorial on mathematical problem solving of vector analysis, static electric field and its associated laws. She continued the topic of 'Maxwell Theory and Equations' with clear steps how Maxwell concluded his four equations from Gauss's law, Faraday's law and Ampere's law. The afternoon session was allotted to Mrs.A.Samundeeswari to deal with the application of electromagnetic fields in various types of antenna and its working.

The FDP was concluded with a session on sharing the views of the participants Dr.T.Loganayaki , R.Mohana Priya, and G.NandhaKumar about how the electromagnetics concepts are applied in transmission lines. The FDP was validated with a lot of positive feedback from participants and it paved the way for the participants to improve their teaching in order to teach the students on the subject Electro Magnetic Fields. The FDP ended with vote of thanks given by Dr. T. Loganayagi ASP/ECE/PEC.

The Department of EEE, Paavai Engineering College has conducted faculty development programme “ELECTRICAL ENERGY SAFETY” on 15.06.2019 to 19.06.2019 at cute hall. Dr.K.K.Ramasamy, Director Administration, presided over the function and insisted the faculty members to consider this kind of FDP as a forum to discuss the need and importance of electrical energy safety. The resource persons are Dr.A.Rathinam Professor/EEE and Dr.K.Jagatheesan ASP/EEE Paavai Engineering College. They explained about the role, needs and importance of electrical energy safety. In their presentation, they explained the basic safety rules. Further, they went on explaining the approaches to prevent accidents. The resource persons involved all the faculty members and divided them into different groups to make them participate to understand the approaches to prevent electrical accidents. It was very interactive and interesting sessions. Dr.S.Surendiran, Professor/EEE welcomed the gathering and MrsG.Umamaheswari ASP/EEE proposed the vote of thanks. With this, the programme came to an end.

FACULTY DEVELOPMENT PROGRAMME ON POWER SYSTEM ANALYSIS

The Department of EEE, Paavai Engineering College has conducted faculty development programme “POWER SYSTEM ANALYSIS” on 19.12.2019 to 20.12.2019 and 15 faculty members attended this programme..Dr.K.K.Ramasamy, Director Administration, presided over the function and insisted the faculty members to consider this kind of FDP as a forum to discuss the need and importance of electrical energy safety. The resource persons are R.Muthukumar AP/EEE and Dr.K.Jagatheesan ASP/EEE Paavai Engineering College. They explained the recent trends in power system. They explained the ETAP software and its purpose. They elaborated how ETAP is used to perform load flow analysis, short circuits, transient instabilities, harmonics, relay coordination, arc flash, optimal power flow and battery sizing. He explained the load flow analysis using ETAP with a case study. In their presentation, they explained the basics of AI techniques in load flow analysis. It was very interactive and interesting sessions.

This two day FDP was an exclusive forum to discuss and outspread the information of faculty members in the Power System Analysis. It was sure that the faculty members have got a clear knowledge on the ways and means to explain the students clearly to have an in-depth idea. Ms.R.JonnieHepziba, AP/EEE welcomed the gathering and MrG.Deivamani AP/EEE proposed the vote of thanks.

The Department of Computer Science and Engineering, MCA, Information and Technology, organized a Faculty orientation programme on the title, “Faculty Orientation Programme on Develop Eyes for your Applications using AI. Virtual Reality (VR) is an important technology that gives scope for a great leap for adverse fields. It is sometimes referred to immersive multimedia, a computer-simulated environment that can simulate physical presence in places in the real world or imagined world. Virtual reality has numerous applications in Military, Education, Healthcare, Entertainment, Fashion, Scientific Visualization, Telecommunications, and Construction etc. Dr. Pinnamaneni Bhanu Prasad, Eminent Researcher and Director (R&D), Kelenn Technology, France, USA& Advisor for various industries was the Resource Person. He has vast experience in Teaching, Research and Industry, in his speech he emphasized the importance of transforming the thoughts to ideas and implementing in recursion and in his keynote address, gave presentation on the real-time applications of artificial intelligence, Image Processing, Image Processing, Virtual Reality and Augmented Reality.

The Department of Mechatronics and Computer Science and Engineering, MCA, Information and Technology, organized a Faculty development programme on the title, "Research Challenges in Fog Environment for IoT Services". The session was inaugurated by Dr. M. Premkumar, Principal, Paavai Engineering College, in Cute Hall at 10.00 a.m. Presidential address was given by Dr.M. Premkumar, Principal, PEC. In his presidential address, he explained the importance of IoT in the upcoming technological world. He illustrated simple examples regarding application of IoT in the daily life. He focused on the areas like smart infrastructure, health care, retail and transportation in which various applications could be developed. He also elaborated about the current project experience, which is designed and implemented on the basis of IoT based Customer Engagement platform with updated technologies including Machine Learning Algorithm and Natural Language processing. He cited various projects which is presented and evaluated by experts from Taiwan Universities, which uses IoT devices. The keynote address was given by the guest speaker Dr. T. Veni, Assistant Professor, Department of Computer Science and Engineering, National Institute of Technology, Kozhikode. She expressed her sincere gratitude to Paavai Engineering College for their support. The session was continued on the title "Research Challenges in Fog Environment for IoT Services". At the beginning, she focused on the Introduction of Internet of things and the four pillars of IoT. In order to kindle the curiosity among the students the application of IoT concept and devices were picturized in the form of mind mapping. Different software and hardware components required for IoT was explained with pictures and videos. Different sensors that can be deployed for the measurement of strain, temperature, pressure, gas, smoke are explained in detail. Various application in the field of health monitoring, Structures and bridges, Smart car parking, smart mix design were discussed with practical examples.

Mr. Nitul Sharma, Senior Technical Trainer, Department of Training & Research, ICT Academy was the trainer.Dr. PremKumar, Principal, Paavai Engineering College, welcomed the guest by presenting a bouquet. The principal, in the presidential address, urged the students to learn from environment where one can observe things which could pave way for their fortune. He also told that one should have innovative thinking which improves their knowledge and skills. He said that there are plenty of opportunities for the engineering graduates both at the corporate end and at other domains. He told the students that they should be passionate towards their goal and contribute to all activities that are held at department and college level. Mr. Nitul Sharma, in his keynote address, gave a detailed note on “Salesforce ADX-201” and the on-going applications and described the popularity of Salesforce ADX-201 in and around the globe. He explained the strategy of completing the modules in the Salesforce platform.

Modules pertaining to hands-on included the following –

Day 1: Creating Profiles, Reports, Dashboards,Day 2: Business Administration specialist (Super badge),Day 3: Business Administration Specialist,Day 4: security-Specialist,Day 5: Lightning Experience,Day 6: Summary and Feedback.

“THE DEPARTMENT OF IT ORGANIZED AN AWARENESS PROGRAM ON CYBERSECURITY 20.08.2019”

The Department of CSE , MCA, Information and Technology, organized an awareness programme on the title “Cyber Security for Women”. The session was inaugurated at 10.00 a.m. by Dr. M. PremKumar, Principal, in the presence of Head of the department-IT, faculty members and the participants from departments of IT, CSE, ECE and Bio Medical. In his address, the Principal highlighted the importance of safe and security for women and expressed his concern on Child Abuse. In addition to that, he insisted the importance of moral education, values and transformation of human life. The special address was given by the guest speaker Ms Meena Gayathri, Assistant Manager, Zacco Cyber Security Research Labs. She expressed her sincere gratitude to the college for the cooperation to create awareness among the girls. The session was carried over on the title “Cyber Security for Women”. She started the session by asking ‘Whether they felt safe inside the campus?’ Many gave the answers in their point of view. She asserted the introduction of Cyber Security by saying that Confidentiality, Integrity, and Availability are the pillars of the cyber security. Every student actively participated in the game that had some information about liberty of rights given to the people. She explained, what happens in a minute in Social media? And also the percentage of users in social media. Later she moved on to the topic of hacking, where there are eight different types of hackers. Followed by her team, they demonstrated how hacking is done by accessing camera of mobile phones & systems and also accessed the user name and password of the people. They also defined the terms of Social engineering, Bit coins, and Cyber bulling.

A two day training programme on AutoCAD was conducted by the mechanical department of the Paavai Engineering in the CAD/CAM laboratory in the temple tower block. The Resource person was Mr.S. Prabhakaran from the Mechanical department having experience in the field of drafting and designing. The basics of the AutoCad software and its techniques which are included in the latest versions of the software were exposed to the faculty attending the program.

Most of the faculty members having the exposure to the software, still the training programme enhances their ability to make the students understand the contents in a better way and implement the knowledge in drafting of the drawings.

The head of the department and principal overviewed the happenings and discussed with the faculty regarding the sessions and hands on training in designing complicated designs using AutoCAD. The faculty members showed their end result after completing the drafting and designing which were given as an exercise to them at the end of second day session.

Kinematics of Machinery for Mechanical Engineering

A Five days intra-collegiate Faculty Development Program (FDP) was organized on the subject "Kinematics of Machinery" for Mechanical engineering staff of Paavai Institutions on 14th and 18th of October 2019.

The resource persons was Dr.J.Selvakumar, Associate professor, Mechanical department, Paavai College of Engineering, Mr.S.Maniraj, Assistant Professor, Mechanical department, Paavai engineering college, R.Meiyazhagan, Assistant Professor, Mechanical Department, S. Prabhakaran, Associate Professor, Mechanical Department & Mr.A.Rajasekar, Assistant Professor, Mechanical department, Pavai college of technology.

The program took place in four sessions covering theory and practical's related to the area of study. On the first day "Basics of Mechanisms, kinematics and its Applications" were taught along with audio visual presentation. In the afternoon the members were given drawing exercises with problems to be solved.

The staff members interacted with the resource person on the topic "Gear and Gear trains" and got their doubts clarified. In the afternoon tutorials were conducted much to the satisfaction of the faculty. While receiving their corrected exercise, the members gave their feedback that the program fulfilled their expectation. Earlier, Dr.K.Selvi Dean Academics welcomed the gathering and talked about the need for FDP, Dr.M. Premkumar, Principal, Paavai engineering college and Director Admin encouraged the staff members to attend many more events of these types.

A one-day faculty development programme on ‘electro-pneumatics and automation – basic level’ was held at Paavai Engineering College, on 21th , January, 2020. The FDP aimed at providing opportunities to the faculty members to enrich their teaching skills. The Programme also intended to develop the knowledge of the participants for Electro Pneumatics and automation with the advanced tools in the relevant field for inculcating the learning values into the minds of the students and guiding and monitoring their progress. The FDP was attended by 12 participants. All the members involved were delighted with this learning initiative and value - addition experience. The feedback received from the participants conveyed that the programme was intellectually enriching and qualitatively engrossing. Thus, the faculty members of the department were enlightened and updated. On the whole, the programme accomplished its set objectives.

Introduction to wind energy & wind turbine design

A Faculty development program was conducted by the Department of aeronautical engineering on 06.06.2020 on the title "**Introduction to wind energy & wind turbine design**" at Paavai Engineering College (Autonomous). The students and staffs from Paavai Engineering college attended the program, where lecture was given by **Mr. Jaikumar Loganathan,** Engineering Manager GE Aviation-Bangalore. He gave a brief presentation among the students and faculties regarding software tools and about ongoing projects in GE. And also he elaborated the list of companies who wants aeronautical engineers and what are the software to be learned to get into job and its pay scale. Earlier, Welcome address was given by Ms.Deepika sri student of Second year Aeronautical Engineering. And the vote of thanks was given by Mr.Riyas Ahameth student of Third year Aeronautical Engineering. The Heads and the faculty members of both the departments graced the function with their presence.

“Recent Technologies in Aeronautical Engineering for Research and Employment”

A faculty development program was conducted by the Department of Aeronautical Engineering from 09th – 13th June 2020 on the title **“Recent Technologies in Aeronautical Engineering for Research and Employment”**. The faculty and students of Paavai Engineering college attended the first day program given by Dr. S. Nadaraja Pillai, Associate Professor/Aerospace engineering, Sastra University**.** He gave a brief presentation among the students, faculties regarding the recent research going in on aerodynamics field like CFD and High-performance computing, Transition and Turbulence, Micro fluidics, Acoustics and gave some career opportunities in aerodynamics field. And also, he elaborated the various things associated with the Engine manufacturing and analysis. The presentation was useful and inspiring for the students as well as the faculty who had participated. We are looking forward to our future endeavors.

On second day a wonderful lecture given by Dr.P.S. Prem Kumar, Associate Professor/Aeronautical engineering, Kumaraguru College Technology-Coimbatore in the title “Basic aspects of Computational Fluid Dynamics & it's applications”. He explained in detail about advantages of learning CFD and how to get into core field by the help of this software knowledge. It was very useful and inspiring speech among participants.

On third day Dr.J.Bruce Ralphin Rose, Assistant Professor/Aeronautical engineering, Anna University Regional Campus, Tirunelveli shared his wide knowledge in the title “Advances in fluid mechanics”. It was very useful for students to learn new things about fluid mechanics problems and its applications.

Next day followed by Bruce, Dr.K.Sundararaj, Professor & HOD /Aeronautical engineering, Kumaraguru College of Technology-Coimbatore delivered such a wonderful presentation titled in “Compressible Flows with/without Shocks”. He explained the applications, principle and concepts of flow and shock. Later he shared his knowledge in compressible flow with shock and without shock. The presentation was useful and inspiring for the students as well as the faculty who had participated.

On fifth and last day of the program Dr. R. Santhanakrishnan, COE & Professor/Aerospace engineering, Amity University delivered a wonderful presentation on “Opportunities and Progress of Airline sector in India”. He gave ideas to students to how to get into airline sector and how the recruitment will be in airline sector.

Earlier, Welcome address was given by Mr.P.karthikeyan, AP/Aero for all five days. And the vote of thanks was given by Mr.K.Gokulnath, AP/Aero. The Head and the faculty members of the department graced the function with their presence.

The Department of Agriculture Engineering organized a FDP on "Applications of Remote Sensing and GIS in Water Resources Engineering" on 11.01.2020 at a cute hall. The welcome address was given by Mr. K. Vishnu bharath Faculty of Agriculture. The Principal, Paavai Engineering College, Presided over the function. In his presidential address, he emphasized the importance of this session and made the student enthusiastic to learn from the guest speaker. The chief guest started his session by saying about the GIS technology integrates common database operations, such as query and statistical analysis, with maps. GIS manages location-based information and provides tools for display and analysis of various statistics, including population characteristics, economic development opportunities, and vegetation types. GIS allows you to link databases and maps to create dynamic displays. Additionally, it provides tools to visualize, query, and overlay those databases in ways not possible with traditional spreadsheets. She also said that abilities distinguish GIS from other information systems, and make it valuable to a wide range of public and private

enterprises for explaining events, predicting outcomes, and planning strategies. She explained remote sensing is the art and science of making measurements of the earth using sensors on airplanes or satellites. These sensors collect data in the form of images and provide specialized capabilities for manipulating, analyzing, and visualizing those images. Remote sensed imagery is integrated within a GIS. The session ended up with doubts and questions by our students and the guest solved their doubts. Mrs. P. Arthiya Faculty of Agriculture proposed the vote of thanks.

OPTIMIZATION AND ERROR PREDICTION BY RESPONSE SURFACE METHOD (RSM) TOOL

Paavai Engineering College (Autonomous), Department of Chemical Engineering organized one day workshop on 08-04-2020.

Dr.K.K.Ramasamy, Director-Administration, Paavai Institutions, and Dr.M.Premkumar, the principal, Paavai Engineering College (Autonomous), presided over the inaugural function. Mr.G.Srinivasan, HOD, Department of Chemical Engineering, welcomed the director, staff and students. He gave warm welcome to chief guest Dr.N.Sivarajasekar, Kumaraguru College of Technology, Coimbatore.

The chief guest Dr.N.Sivarajasekar addressed about optimization anderror predition by response surface method (RSM) tool. Some of the points are given below. The Response Surface Methodology (RSM) explores the relationships between several explanatory variables and one more response variables. In 1951, George E.P.Box and K.B.Wilson introduced the RSM method. The main idea of RSM is to use a sequence of designed experiments to obtain an optimal response. In order to do this, a second degree poly nominal model was suggested by the Box and Wilson who acknowledged that this model is only an approximation, but they use it because such a model is easy to estimate and apply, even when little is known about the process. This method is the most common optimization technique and has been employed in many fields such as exploring chemical and biochemical processes. This technique is used to fit an empirical model to the experimental data. It is important to any system to increase performance in order to increase the yield at low cost. Statistical approaches such as RSM can be employed to maximize the production of a special substance by optimization of operational factors. Of late, for formulation optimization, using proper design of experiments (DoE), the RSM has become extensively used. In contrast to conventional methods, the interaction among process variables can be determined by statistical techniques.

RECIRCULATION OF FOOD WASTE MANAGEMENT

Paavai Engineering College (Autonomous), Department of Chemical Engineering organized webinar on 24-04-2020.

Dr.K.K.Ramasamy, Director-Administration, Paavai Institutions, and Dr.M.Premkumar, the principal, Paavai Engineering College (Autonomous), presided over the inaugural function. Mr.G.Srinivasan, HOD, Department of Chemical Engineering, welcomed the director, staff and students. He gave warm welcome to chief guest Dr.R.JAGANMOHAN, Indian Institute of Food Processing Technology, Thanjavur, Tamilnadu.

The chief guest Dr.R.JAGANMOHAN addressed on Recirculation of Food Waste Management. Some of his points are given below. Food waste or food loss is food that is not eaten by people. Food waste is mainly involved in functions such marriage, reception and in hotels due to surplus foods. In addition, food waste occurs during cooking, distribution, packing and consumption. Almost one third of all food produced is wasted. Food waste is one of the environmental issues and causes climate change. In 2014, the food and agricultural organization estimated that food waste causes global economic, environmental and social cost of $2.6 trillion a year. Further it is responsible for 8% global greenhouse gas emission. Suppose, if food waste is not handled or reclaimed properly, i.e., through composting, it can cause many environmental problems. Landfill method is also done to dispose the waste food but it generates greenhouse gas methane by anaerobic digestion of the organic matter. Moreover food waste reduces the quality of water, land and other resources. Thus reduction of food waste is an important part of developing a sustainable economy and is an important cut off of environmental impact of agriculture.

Dr.K.K.Ramasamy, Director-Administration, Paavai Institutions, and Dr.M.Premkumar, the principal, Paavai Engineering College (Autonomous), presided over the inaugural function. Mr.G.Srinivasan, HOD, Department of Chemical Engineering, welcomed the director, staff and students. He gave warm welcome to chief guest Dr.V.SIVAKUMAR, Paavai College of Pharmacy and Research, Namakkal.

The chief guest Dr.V.SIVAKUMAR addressed on Recent Trends in Drug Delivery Systems. Some of the points are given below. Drug delivery is defined as approaches, formulations, technologies and systems for transporting pharmaceutical compounds in the patient body so that therapeutic effects of drugs are optimum on specific target organs or tissues. The main aim of Drug delivery system is to reduce drug degradation and loss and further to improve bioavailability and to prevent side effects. It might involve facilitating systematic pharmacokinetics and is typically concerned with both quantity and duration of drug presence. Drug delivery is often approached via a drug delivering organic systems such as liposomes, micelles, vesicles, nerve fiber polymers, nanoparticles, liquid crystals, microspheres, implants. In recent year, researches are advanced on drug delivering organic compounds because simpler routes of administration. These new approaches can reduce solvency problems and protects the drugs from the external environment, for examples, photo degradation and pH changes. Oral administration is one of the most convenient methods for drug delivery system. Implantable Delivery Systems are implantable devices which are polymeric devises of various shapes and introduced into body tissue. Biocompatibility (ability of a material to perform with an appropriate host response in a specific situation) of implants is most important. The limitations of this type of devices are possibility of infection and irritation of implants. This type of delivery systems is mainly involved in diabetes, cancer, cardiovascular diseases and brain diseases.

Faculty Development Programme on "**Energy storage devices**"

A Two day Faculty Development Programme (FDP) on "**Energy storage devices**" was conducted by department of chemistry, Paavai Engineering College on 20.02.2020- 21.02.2020 at Cute Hall, Paavai Engineering College. Dr.S.Vadivel, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Physics belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

Faculty Development Programme is to promote basic and advanced research related to energy storage and its application for sustainable developments. Electrochemical energy storages like batteries, supercapacitors, fuel cells have been a leading solution for electrified/green transportation, renewable power grid, consumer electronics, etc. by taking care of the intermittency problem of renewable power sources. Efficient modeling, estimation, optimal control, cyber security, etc. are the primary research concern for efficient utilization of energy storage devices. Hence, this FDP plans to bring more awareness and instil research interest in the related areas into the minds of experienced as well as budding researchers. The session ended up with doubts and questions by our staffs their doubts. Mrs. S. Kavitha, ASP/Physics proposed the vote of thanks.

DEPARTMENT OF FACULTY DEVELOPMENT
FDP on Training Transforms, Training Empowers
Academic year 2019-2020

The Faculty Development Department organized a five-day orientation programme for the recently recruited faculty members (Batch-II) to make them familiar with the institutional practices and the instructional strategies of teaching and learning, because teachers are considered to be the pillars of Paavai. The orientation programme was held from 17.06.2019 to 21.06.2019 at the Smart Hall. 41 faculty members from Paavai institutions attended the orientation programme. The Inauguration was held at the Smart hall on 17.06.2019, where in Shri.CA.N.V.Natarajan, the Chairman explained the importance of teaching profession, role of teachers and their commitment towards students to get centum results and to groom them as employed citizens of the society. Smt.Mangai Natarajan, the Correspondent, felicitated the gathering. She highlighted the need for developing positive attitude among the teachers. She also pointed out the professional norms to be followed as a faculty member and the targets to be focussed to make the students degree holders. The objectives and methodology of the orientation programme were read out by Mrs.K.Subashini, Associate professor, FDD. Dr.R.Kasthuri Bai, Dean, FDD welcomed the gathering. After the inauguration, the technical sessions commenced. Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions, Dr.K.K.Ramasamy, Director Administration, Paavai Institutions, Dr.C.Sathish, Director, Paavai Group of schools, Dr. R. KasthuriBai, Dean, Faculty Development Department, Dr. K.Selvi, Dean Academics, PEC Dr.A.S.Kandasamy, Dean ECE, PEC, Dr.M. Prem Kumar, Principal, PEC, Dr.M.Devi, Principal, PCE, Dr.R.Arangasamy, ECE/HoD, PEC, Dr.A.Suphalakshmi,

CSE/HoD, PEC, Dr.K.Saravanan, CSE/HoD PCT, Mrs.Mahalakshmi, Additional Placement and Training officer, PEC and Mrs. K.Subashini, Associate professor, Faculty Development Department were the resource persons for the programme who threw light on areas such as 'Paavai on the path of Progress ', 'Professional ethics and responsibility of teachers', 'Academic Leadership', 'Communication skills', 'Paavai culture', 'Teaching science subjects', 'Attitude', 'Institutional belongingness', 'Teacher accountability' ,'Smart teaching' Importance of Research, 'Role of teachers in placement', and 'Instructional pedagogy'. During his presentation, the Chairman, emphasized that, the expected outcome from Paavai faculty is essential in the sense, that the staff should take all means to retain students during the entire course of study. There should not be any students dropout. It should be the utmost responsibility of the staff to enable the students to complete their degree and get certification. He accentuated that the faculty members should know about their students completely, so that it will be easy to guide the students efficiently and thoroughly. He further stressed the ideal qualities of Paavai students and advised the faculty to impart the same to the students. Finally, he concluded that the destiny of the students is in the hands of the teacher. Henceforth, the staff should work with involvement and dedication. Dr.K.K.Ramasamy, Director Administration, expounded on the different roles and responsibilities of the teachers. He advocated the practical method of teaching to reach out to the students of all categories. Various examples related to different branches of study were explained. Dr.C.Sathish, Director, spoke on, 'Academic leadership'.He narrated the good qualities of a leader. He said the teacher should reflect on their practices and consider how wellthey are encouraging active learning.He stated that in order to face today's higher education challenges, a teacher should have the courage and confidence of a lion, the king of the forest and also acquire a big focussed vision leading to big results as that of an eagle. He showed video illustrating the qualities of a leader. He presented the hand-outs to the teachers to self-examine one's strength and burn out the negatives for the betterment of an individual. Finally, he concluded that the teachers should emerge as contributors to the growth of an institution. Dr.Kasthuri Bai, Dean FDD elaborated the need and the relevance of English language and power of communicative competence. Dr.K.Selvi, Dean Academics explained the significance of Paavai Culture, Paavai Mantra and Paavai belief. Dr.M.PremKumar, Principal, PEC, emphasized the importance of developing a right attitude to serve as worthy members of Paavai. He explained that. 'One's attitude determines one's Altitude'. Dr.M.Devi, Principal, PCE explained the Institutional belongingness and further touched upon the principle of integrity and loyalty.. Dr.A.S.Kandasamy, Dean ECE, explained the thrust on teaching the fundamentals of physics, chemistry and mathematics. He focussed on the need for continuous learning to make the teaching relevant and application oriented. Dr.R.Arangasamy, HoD ECE elaborated on the significance of 'Teacher Accountability'. He stated that accountability is a measure of the teacher's dedication towards their job.And the staff are held accountable for the education that the students are receiving. Dr.A.Suphalakshmi, HoD, CSE explained the concept of Smart teaching. Dr.K.Saravanan, PCT, elaborated on the importance of Research and consultancy service at the professional education level.

Mrs.Mahalakshmi, Additional Training and Placement officer, referred to the big drift in the placement and the teacher's role in enabling students to undergo placement training. She stated that the staff should develop potentials to influence and enhance knowledge, skills, attitude and behavior of the students, so that they will be placed in top companies.Mrs K.Subashini, Associate professor, Faculty Development Department emphasized the pedagogy of teaching and learning. She further highlighted the different strategies and techniques of teaching and learning to make the classroom interactive and interesting. Each resource person explained, elaborated and had an interactive session with the faculty members. Around thirteen topics had been handled in these five days. Throughout the orientation the members were assisted to hone their LSRW skills. Assignments, peer teaching and evaluation, lesson plan writing, preparation of mind-map, were undertaken by the faculty members. Every faculty gave a model presentation of their teaching units and feedback was given then and there to enhance the procedure of the effective teaching. Different kinds of activities such as Ice breaking event, leadership and Number game, Tables and Thirukurral recitation game, memory games were also conducted to keep up the excitement of teaching and learning. The programme thus catered to the needs of the inductees and the Faculty Development Department expressed its willingness to be with them as and when required. The valedictory function was held on 21.06.2019 at the smart hall by 02.30 p.m. All the faculty members recorded their feedback. Smt. MangaiNatarajan, the correspondent felicitated the gathering by explaining the multiple roles of teachers in adhering to the ethics and the responsibilities of the profession. She highlighted the idea that the teachers should act as a facilitator, guide, controller and counselor to the students in bringing out the best in them and make them realize their potentials to successfully complete their studies. With this the orientation programme came to an end.

FDP on outcomebsed education
Academic year 2019-2020

The Department of EEE, Paavai Engineering College has conducted a FDP on Outcome Based Education on 11.12.2019 – 12.12.2019 at cute hall. Dr.K.K.Ramasamy, Director Administration, presided over the function and insisted the faculty members to consider this kind of workshop as a forum to discuss the need and importance of outcome based education system and how to improve the analytical skills and knowledge of students. Dr.Sowmya Narayanan, Professor and Head, Centre for Life Skills and Life Long Learning New Horizon Engineering College, Bangalore was the guest speaker. In her lecture, she explained about the role, needs and importance of outcome-based education system in recent years to enhance the quality of Teaching-Learning process. In her presentation, she introduced the concept of origin of Bloom's taxonomy. Further, she went on explaining the classification of domain of learning. The resource person involved all the faculty members and divided them into different groups to make them participate to understand the cognitive level of teaching and learning. Finally, she made all the participants to frame question in each level of cognitive domain and the participants in each group made their presentation. It was very interactive and interesting session. Dr. A. Suphalakshmi, Prof and HOD, CSE Department welcomed the gathering and Mrs M..Sudha Associate professor and Head of ECE Department proposed the vote of thanks. With this, the programme came to an end.

Workshop on Case Study of Methodology of Teaching
Academic year 2019-2020

A one day workshop was organized by the Department of faculty development department, on 17.09.2019 on the topic Case Study Methodology of Teaching. Dr.R.Kasthuri Bai and Mrs. K.Subashini, Associate professor, Faculty Development Department emphasized the pedagogy of teaching and learning. They further highlighted the different strategies and techniques of teaching and learning to make the classroom interactive and interesting.

The programme elaborated on - Enhancing teaching learning process by Creation and use of technologies, such as visualizations, and technology tools, such as Wiki and Moodle, in the teaching-learning process. Creation and use of strategies, such as Peer-Instruction and Think-Pair-Share, for facilitating students learning and engagement. This Workshop, worked on how to apply our knowledge to use Moodle, Open Educational Resources, tools for blogging, surveying, commenting, tagging, posting, Digital Learning Tools, Rubrics for assessment, Writing higher-order Assessment questions, how to integrate new forms of technology to teach, like videos, animations, and simulations through sources like YouTube channels etc.

FACULTY REVALIDATION PROGRAMME
Academic year 2019-2020

The inauguration of Faculty Revalidation Programme (FRP) for the academic year 2019-20 for the faculty members of Paavai Engineering College, Paavai College of Engineering and Paavai College of Technology was held in the Smart Hall at 02.00 p.m. on 22.11.2019. The programme started with the prayer song. Smt.Mangai Natarajan, Correspondent, Paavai Institutions, inaugurated the event by lighting the kuthuvilakku and delivered the felicitation address. The chairman, delivered the inaugural address, he insisted that this FRP is a healthy exercise for the faculty members to enrich, develop, update, their professional skills in teaching and learning process. He further highlighted that this forum provides an opportunity for the faculty members to exhibit their contextual knowledge and the teaching skills for the betterment of themselves and to the students' community at large. He concluded that the teachers should make use of this platform at a proper sense with right attitude and excel in their life. Smt.Mangai Natarajan, Correspondent, Paavai Institutions, felicitate the gathering. She explained Paavai philosophy and principles with the slogan, 'Healthy Paavai, Wealthy Paavai and Powerful Paavai'. She made all the faculty members recite the slogan. She said that FRP is not a delivery forum but a discussion forum and the presenters should have the thirst to learn and update their knowledge and skill from the seniors and experts on the panel. At last, she concluded by saying that Faculty Revalidation Programme is not a fault finding process but it is a fact finding process and the members should use this feedback channel in the right sense of the word. With this the inauguration came to an end. Dr.R.Kasthuri Bai, Dean Faculty Development Department, welcomed the gathering. 140 faculty members participated in the inauguration. The Deans, Principals, HoDs and senior faculty members graced the occasion. The FRP session went on for a month, wherein Faculty members from PEC, PCE, PCT,PPC and PASCW presented their topics. Totally around 150 faculty members presented their topics in front of the panel. With this FRP came to an end.

Faculty Development Programme on **"Physics for Emerging Technologies"**

A Two day Faculty Development Programme (FDP) on "Physics for Emerging Technologies" was conducted by department of Physics, Paavai Engineering College on 28.03.2019 at Smart Hall, Paavai Engineering College. Dr.S.Vadivel, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Physics belong to Paavai Institutions. Dr.M. Premkumar, Principal, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

The main objective of this Faculty Development program is to develop the competency in teaching advanced Physics for emerging technologies introduced in the curriculum of various universities and colleges and also to facilitate teaching resources and in-depth knowledge in the latest technologies. The course plan includes Lectures, Practical sessions and Demonstrations on Nano – Technology, Micro Electro Mechanical Systems, Solar Cells, Laser and Photonics, Advanced Materials, Non Destructive Evaluation, Instrumentation and Teaching methodology. Mrs. P. Dhivya, AP/Physics proposed the vote of thanks

Faculty Development Programme on "Application of Nanocomposite materials"

A One day Faculty Development Programme (FDP) on "**Application of Nanocomposite materials**" was conducted by department of chemistry, Paavai Engineering College on 06.02.2019 at Cute Hall, Paavai Engineering College. Dr.G.Raja, Head of the Department of chemistry, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Chemistry belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

From this programme, the faculty members learnt the basic concepts of nanomaterials and its applications. Nowadays, nanocomposites offer new technology and business opportunities for all sectors of industry, in addition to being environmentally friendly. In the case of biodegradable polymer-based nanocomposites, recent developments in preparation, characterization and properties, including crystallization behaviour and melt rheology, of both the matrix and the layered (montmorillonite) nanocomposites have been discussed. The session ended up with doubts and questions by our staffs their doubts. N.Vijayanand, ASP/Chemistry proposed the vote of thanks.

ENHANCEMENT OF EFFECTIVE PRESENTATION SKILLS

The Department of English, Paavai Engineering College organized a workshop entitled "ENHANCEMENT OF EFFECTIVE PRESENTATION SKILLS" from 20.12.2018 to 22.12.2018. The workshop was conducted by Dr. Kasturi Bai, Dean Faculty Development. The workshop was designed to give out a valuable lesson to the faculty on effective presentation of their knowledge using new technology. In her session, Dr. Kasturi Bai, implied that nowadays teaching using visual aids help the learner as well as the teacher. He explained how to utilise computer and technology to drive the students to their utmost potential. Her session also focused on how to deliver a lecturing using the available aids. The workshop was attended by 10 members.

Report on Faculty Development Programme

A two day Faculty Development Programme on Electromagnetic Fields (FDP-2018) was successfully conducted in the department of Electronics and Communication Engineering, on 29th & 30th November 2018, arranged by Department of Faculty Development, Paavai Engineering College (Autonomous), Namakkal. The FDP programme received an overwhelming response with overall 21 participants from Paavai group of institutions.

The programme was inaugurated in the forenoon by Dr. K.K. Ramasamy, Director-Admin, Paavai Institutions in the presence of Dr. M. Premkumar, Principlal, Paavai Engineering College, Dr. K. Selvi, Dean-Academics & Dr. R. Kasthuribai, Dean-Faculty Development. The inauguration was followed by the welcome address by Dr. K. Selvi. Dr. K.K. Ramasamy delivered his presidential address on the pedagogical aspects of FDP and how it becomes more effective towards student centric teaching learning. Dr. M. PremKumar delivered his special address on the importance of continuous learning among faculty to create the curiosity on pedagogical approach in teaching among the participants. Dr. R. Kasthuribai concluded the function with her motivational speech on knowledge enhancement for faculty which is like the 'balancing pole for the tightrope walker' to enrich their teaching pedagogy. Dr. R. Arangasamy, HOD/ECE/PEC and Mr. Immanuvel, HOD/ECE/PCE and the faculty members from PEC, PCE and PCT were present.

The first session was handled by Professor C. Vanaja on the topic 'Electrostatic fields'. In this deliberation, Professor C. Vanaja discussed in detail about the co-ordinate systems, vector differential operators and various laws of electrostatic fields. The applications of those laws were

also discussed in detail. This session ended with tutorial on mathematical problem solving of vector analysis, static electric field and its associated laws. The next session on the same day was handled by Dr. T. Loganayagi about electric fields in material space. Electric properties of conductors and dielectrics and its associated laws were explained along with various application aspects. Assignments on this topic were given to the faculty participants for more understanding.

The next day started with the discussion of the previous day assignments and a doubt clearing session and it was handled by previous day resource professors. The actual session started on the scheduled time and it was handled by Prof. A. Samundeeswari on the topic of 'Maxwell Theory and Equations' with clear steps how Maxwell concluded his four equations from Gauss's law, Faraday's law and Ampere's law. The afternoon session was allotted to deal with the application of electromagnetic fields in various types of antenna and its working.

The FDP was concluded with a session on sharing the views of the participants N.Thenarasu, M.Punitha, S.Vimalnath & R.Boomidevi about how the electromagnetics concepts are applied in transmission lines. The FDP was validated with a lot of positive feedback from participants and it paved the way for the participants to improve their teaching in order to teach the students on the subject Electro Magnetic Fields. The two day FDP ended with vote of thanks given by Dr. T. Loganayagi ASP/ECE/PEC.

ABOUT THE INSTITUTION

Paavai Engineering College was started in the year 2001 and promoted by **PAVAI VANAVI EDUCATIONAL TRUST** with the basic principle of providing purposeful, goal oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, accredited by NBA and NAAC with 'A' Grade & affiliated to Anna University, Chennai. The college has 14 UG programs and 10 PG Programs. It also has the vision to strive to be a globally model institution all set for taking 'Steps Ahead' in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from India-UK Projects, MSME, AICTE, DST, DRDO, TNSCST and other funding agencies. The college attracts outstanding students by virtue of its discipline, modern infrastructure, library and faculty.

ABOUT THE DEPARTMENT

The department of Electronics and Communication Engineering is offering B.E(ECE) and M.E (Communication Systems). The department is more accredited by NBA, New Delhi and permanently affiliated to Anna university, Chennai. The department promotes R & D activities in related areas in collaboration with the industries. The department is enriched with state-of-the-art lab equipment in Circuits lab, VLSI lab , VLSI lab, Communication systems lab, Embedded lab, Networks lab, Virtual & Augmented Reality lab etc. The faculty members are well experienced and dedicated towards the upliftment of the student community. The students are exposed to the practical and industrial aspects of the subjects through laboratory works, industrial visits, internship trainings regularly. Competent facu-

SCOPE & OBJECTIVE OF THE WORKSHOP

The National Level Workshop on **Technological Advancement and Development for the Safety of Women** highlights the introduction of technology for supporting women's security. Today, applications would not assume a fundamental role in security, but rather its consistent use and standard upgrade according to the need and mindfulness about security will help us to give technological solutions. On one side lies the plethora of opportunities that internet opens for us and on the other side lies the over dependence on it and lesser dependence on our own selves. With the arrival of mobile technology and social media the scenario has become even more interesting. Information is right at our fingers and the women can make full use of it for their safety.

COURSE OUTCOMES

- Educate girl child and give awareness to use women safety products
- Self defence techniques
- Law rewards given for our government of India
- Increasing the mental and health strength using yoga

FACULTY

Sessions will be handled by academicians and industrial experts.

EXPECTED OUTCOME

- Exposure to the different women safety products available
- Awareness of the Law aimed for the safety of women

IMPORTANT DATES TO REMEMBER

Last Date for Registration : 22.02.2019
Intimation of Selection (by E-mail) : 25.02.2019
Seminar Date : 01.03.2019 to 02.03.2019

ELIGIBILITY AND SELECTION

Graduates persons, faculty from AICTE approved institutions, women research scholars, engineering, arts and science college women students of all the branches are eligible to participate in this workshop.

The selection will be based on first come first serve.

(Only 40 Participants)

REGISTRATION FEE DETAILS

Industrial Participants : Rs. 2000/-
Research scholars/ Academicians : Rs. 1000/-
UG / PG Students : Rs. 500/-

The selected participants are requested to stay for in the registration fees and send the Pay Commerce along with the proceedings fee by DD in favor of "**The Principal, Paavai Engineering College**" Payable at **Namakkal**.

National Level Two Day workshop on

"Technological advancement and development for the safety of women"

To bring safety at our fingertips, legislative measures are increasingly being sought to ensure the safety of women where technology is facilitating the process. The issues of safety of women and other vulnerable sections of society are engaging the attention of the police and agencies concerned in and outside the government. A number of safety applications have entered Indian markets. With technological development, newer applications keep entering the market, claiming to have features better than the previous ones. The utilisation of technology for supporting women's security is important. Today, applications would not assume a fundamental role in security, but rather its consistent use and standard upgrade according to the need and mindfulness about security will help to give technological solutions.

For improving women's safety in India we need to focus on four things: 1: A mechanism to deter or avoid any danger to them. 2: A mechanism to help them defend themselves. 3: A mechanism to reach out for help. 4: A mechanism to help identify and incarcerate the predators.

Study of the currently available solutions revealed that somehow smartphone safety apps are not considered the best solution by the masses. There is a need to think the problem through, keeping in mind the infrastructure presents in India. Hence, there is a need to understand how to design the solution so that it will have the maximum impact. The efficiency of technology in guaranteeing women's safety is questionable. The reach of technology is extremely narrow in order to make women safer. The rural and the small town women are completely alienated from it. Adequate training should be given to women on how to make the maximum use of technology for their safety.

FACULTY DEVELOPMENT PROGRAMME ON SOLID STATE DRIVE

The Electrical and Electronics Departments of Paavai Engineering Colleges conducted a two day in-house Faculty Development Programme on the title, 'Solid State Drives' in the Cute Hall of PEC on 29.11.2018 & 30.11.2018. The resource persons were Mrs.G.Umamaheswari, ASP/EEE/PEC, Mrs.R.M.Thamilselvi, ASP/EEE/PCT, Mr.R.Manikandan, ASP/EEE/PCE, Mrs.R.Deepa, AP/EEE/PCE and Mr.S.Rathinavel AP/EEE/PEC. Dr.K.K.Ramasamy, Director Admin, Dr.M.Premkumar, Principal, Dr.K.Selvi Dean-Academics and Dr.R.KasthuriBai Dean –Faculty Development inaugurated the FDP and insisted that the faculty members should make use of FDP as a learning forum to discuss the advancements in the subject and also identify emerging areas to promote research and development initiatives. The first session on 29.11.2018 was handled by Mrs.G.Umamaheswari on the topic 'Introduction to Electric Drives'. In this session she gave a brief introduction about the need for learning drives and a detailed review of comparing of four quadrant operations of drives. She also elaborated on the factors influencing the selection of drives. The next session was handled by, Mrs.R.M.Thamilselvi on the topic, 'Chopper and Rectifier based Drives'. In her session she explained about different types of DC drives and the control strategies employed in it. She gave a detailed explanation of the method of deriving the output voltage and output current for the different types of chopper drives.

On the second day, 30.11.2018, the first session was handled by Mr.R.Manikandan on the topic ‘Design of Controllers for drives’. He enumerated the different control strategies followed in drives. He also derived the transfer function of drive control circuits.The next session was handled by Mrs.R.Deepa on the topic, ‘AC drives’. She focused on the Stator and Rotor speed control of induction and synchronous motors. The session was concluded with some animations to have a clear understanding of the drive operations and solving of technical questions frequently asked in GATE exams and other competitive exams by Mr.S.Rathinavel. The Hands on training on ‘Electric Drives’ using MatLab software was given in the afternoon sessions.

The faculty members were able to simulate and verify the outputs of circuits learnt in the theory sessions. The two-day FDP became an exclusive forum to discuss and extend the knowledge of faculty members in the Drives field. It was for sure that the faculty members have got a clear idea about the ways and means of explaining the functionality of solid state drives to the students.

FDP ON POWER SYSTEM PROTECTION AND SWITCH GEAR

The department of EEE conducted a two day in house Faculty Development Programme on the title 'POWER SYSTEM PROTECTION AND SWITCH GEAR' on 04.01.2019 to 05.01.2019 and 15 faculty members attended this programme. The resource person of this function is Mr. V.Royna Daisy ASP/EEE, G.Umamaheswari ASP/EEE and K.K.Poongodi ASP/EEE Paavai Engineering College.

The lecture focused on substation overview, introduction to switchgear, and discussion on Gas Insulated Substation (GIS) and Air Insulated Substation (AIS). As the transformer is the most expensive component in power transmission and distribution, providing a good protection scheme for the transformer is of utmost importance.The two-day FDP became an exclusive forum to discuss and extend the knowledge of faculty members in the power system.

It was for sure that the faculty members have got a clear idea about the ways and means of explaining the functionality of switch gear to the students.

The Department of Computer Science and Engineering, MCA, Information and Technology organized a Faculty development programme on the title, “Faculty Development Programme on MOODLE”. The session was handled by Dr.A.Suphalakshmi Head of the Department of Computer Science and Engineering .She elaborated on bulk course creation using Moodle notes and collaborative tools in building interactive digital learning platform to share the resources among teaching and learning community. Faculty members from various departments participated in the programme. The faculty members of CSE department were trained on 4.06.2018 and subsequently the various department faculties were trained Moodle environment from 05.06.2018 onwards and all the faculties practiced creating courses and discussions in Moodle. The session was useful in creating online quiz modules and online assignments.

“FACULTY DEVELOPMENT PROGRAMME ON THE TITLE 'PYTHON PROGRAMMING' ON 28.11.2018 & 29.11.2018

The Department of Computer Science and Engineering, MCA, Information and Technology a Faculty development programme on the title, “FACULTY DEVELOPMENT PROGRAMME ON THE TITLE 'PYTHON PROGRAMMING'. The Computer Science departments of Paavai Engineering Colleges conducted a two day in-house Faculty Development Programme on the title, ‘Python Programming’ on 28.11.2018 & 29.11.2018. The faculty members of CSE department, IT Department and MCA Department of Paavai Engineering College, attended this FDP. Dr.K.Selvi, Dean Academics, welcomed the faculty members and motivated the faculty members to learn the new languages under the developing technologies and interact with the IT world. Dr.M.Premkumar, Principal, Paavai Engineering college in his presidential address gave a noteworthy quote that “Be a Leader or Be with a Leader” and Dr.R.KasthuriBai Dean –Faculty Development stated that knowledge shared is knowledge multiplied. Hence the faculty members must make use of the FDP and get benefited. The first day session on 28.11.2018 was handled by M.Revathi on the topic ‘Basics of Python’. In his session he gave a brief introduction about the Language and a detailed review of the history of language. He also elaborated on the basic data types of Python and its usages. On the second day, (29.11.2018), the first session on the topic ‘File and Modules’ was handled by M.Sivaranjani. She explained the concept of file inclusion and permission that set on the file. This session focused on creating one’s own module on Python. The next session was handled by R.Santhiya on the topic, ‘Packages & Pygames’. She gave a detailed explanation of the advantages of packages and the different ways to define a package and also how it works practically. Sample programs were also discussed under this topic. The two day FDP became an exclusive forum to discuss and extend the knowledge of the faculty members on the Python Programming Platform.

A two days FDP on “Mobile app development “was organized by The Department of Computer Science and Engineering, MCA, Information and Technology on 14.12.2018 & 15.12.2018. The resource person was E.ELANCHEZIYAN, CHIEF CONSULTANT, TECHNO INFO, CHENNAI. Faculties belonging to the department of CSE and IT attended this FDP session. Hands-on-training was given to the participants along with the concept presentation by resource people. The topics discussed were specification of system for mobile application development ,necessary tools for mobile application development, overview of the Java programming language, Install Android Studio and setup the environment, how to Debug an Android Application, Create a signed APK file to submit to the Google Play Store, Use Explicit and Implicit Intents, Make use of Fragments, Create a Custom List View, Create the Android Action bar, Create a custom Toast, Use Shared Preferences, Files and SQLite. After the completion of the lecture on these above mentioned topics, assignment was given by the resource person on sample application creation. Doubts were asked and cleared whereas example programs were executed for each of the topic mentioned above. After the completion of the session, valedictory program was held in presence of Dr.A.Suphalakshmi, HOD/CSE-PEC who motivated all the staff members to utilize the knowledge gained for effective guidance for real time application development.

A TWO DAY FACULTY DEVELOPMENT PROGRAMME
ON
KINEMATICS OF MACHINERY
(29-11-18&30-11-18)

A two day intra-collegiate Faculty Development Program (FDP) was organized on the subject 'Kinematics of Machinery' for Mechanical Engineering faculty members of Paavai Engineering Colleges on 29th and 30th of Nov 2018 at Paavai Engineering College.

The resource persons were Dr.J.Selvakumar, Associate Professor, Department of Mechanical Engineering, Paavai College of Engineering, Mr.S.Maniraj, Assistant Professor, Department of Mechanical Engineering, Paavai Engineering College & Mr.A.Rajasekar, Assistant Professor, Department of Mechanical Engineering, Pavai College of Technology.

The program took place in four sessions covering theory and practicals related to the area 'Kinematics of Machinery'. On the first day 'Basics of Mechanisms, kinematics and its Applications' were taught by Mr.S.Maniraj along with an audio visual presentation. In the second session the topic 'Kinematics of linkage Mechanism' was discussed by Dr.J.Selvakumar with problems to be solved.

The next session was handled by Mr.A.Rajasekar, on the topic 'Friction in Machine Elements' and tutorial problems had been practised. On the second day in the morning session Mr.S.Maniraj explained about 'Kinematics of CAM Mechanisms' and he also trained the participants. The next session 'Gears and Gear Trains' which was taken by Mr.A.Rajasekar and he clarified the doubts of the participants. All the participants practised tutorial problems in the afternoon session of the second day program and they have clarified their doubts got clarified.while receiving their corrected exercise, the members gave their feedback that the program fulfilled their expectation. Earlier, Dr.K.Selvi, Dean Academics welcomed the gathering and talked about the need for FDP, Dr.M.Premkumar, Principal,Paavai Engineering College and Director Admin encouraged the staff members to attend many more events of these types.

FACULTY DEVELOPMENT PROGRAMME ON "DYNAMICS LABORATORY"

An in-house faculty development programme on "Dynamics laboratory" was conducted by the FDD on 18.05.2019 for the faculty members of Mechanical Engineering department of Paavai Engineering College, Mr. R. Meiyazhagan, Assistant professor, Mechanical Engineering, PEC, was the resource person for the forenoon and after session. He handled the session on various dynamics laboratory elements like governors, gyroscope, balancing of rotating and reciprocating masses. The practical session was held on various components available in the dynamics lab.

The training was received by the faculty members and their feedback was positive and encouraging one. Various experiments likes compound pendulum, turn table apparatus and governors like watt, porter, proel, hartnel, hartung and pickering were demonstrated. The sessions went well with hands on training of all the 35 faculty members from different domains like mechanical, aeronautical, mechatronics from all the three institutions.

A two-day faculty development programme on 'Automation and Control' was held at Paavai Engineering College, on 04th and 05th, December, 2018. The FDP aimed at providing opportunities to the faculty members to enrich their teaching skills. The Programme also intended to develop the knowledge of the participants for Automation and Control with the advanced tools in the relevant field for inculcating the learning values into the minds of the students and guiding and monitoring their progress. The FDP was attended by 45 participants. Session I: Mr. R. Arunbabu, Assistant Professor, department of Mechatronics Engineering, Paavai Engineering College, delivered the lecture on 'Automation in Pneumatic System'. He explained the importance and working principle of pneumatic systems.Mr.P. Elanchezhian, Assistant Professor, department of Mechatronics Engineering, Pavai College of Technology, delivered a lecture on 'Automated Storage and Retrieval System (AS&RS)'. He explained the importance of automated storage and retrieval system. Various tasks were given to the participants so that all the methodologies could be understood easily. Mr.S.Suryakumar, Assistant Professor, department of Mechatronics Engineering, Pavai College of Technology, delivered an interactive lecture on 'Automated Guided Vehicle (AGV) Systems'. He explained through demonstration how to design the guided vehicle and the working principle of AGV and its application in industries.

The department of Information Technology organized a two day National level Workshop & Hands on training on "G Suite for Education" in association with the Indian Society for Technical Education (ISTE) on 24.9.2018 & 25.9.2018 in cute hall of Paavai Engineering college. The function started with Prayer song. Dr.M.Premkumar, Principal, Paavai Engineering College, presided over the function. In his presidential address, he insisted that it is responsible for every teacher to update the new technology and they should incorporate these technologies in their teaching. He also suggested that the teacher should motivate the students to learn these new technologies for their effective learning. Mr.RageshRaju, Assistant Professor & Google certified educator- Level 2, Department of Computer Applications, St. Joseph Engineering College, Mangalore, was the chief guest and he gave his keynote address where he stressed that the teachers should focus on the online classrooms.

He gave a brief introduction about the MOOCs which are related to pedagogy, virtual labs, Gamification in education and the discuss forum. Regarding G Suite he explained Google suite is one of the E-learning technique which offers a plenty of opportunities for the learners to explore

various options in front of them to leverage E-learning. In the lab sessions the chief guest presented a live demonstration on how to use Google Docs, Google sheet, Google slides and Google forms. He also demonstrated how to start the Google classroom so that the participants they can effectively utilize their class hours to the students by giving assignments and conducting the quiz via Google Classrooms. He also made the entire participants to create their own website. Mr.B.Venkatesan,HOD/IT, welcomed the gathering.Dr.R.Jayavadivel, Associate Professor, IT, introduced the chief guest.The valedictory function was held on 25.9.2018 at 3.30pm in Computer lab III .Mr.RageshRaju,the chief guest distributed the certificates to all the participants.Mrs.M.Babylatha,AP,IT, gave the vote of thanks.

“Recent technologies in Aerospace industry”

A faculty development program was conducted by the Department of Aeronautical Engineering from 12.06.2018 to 17.06.2018 on the title **“Recent technologies in Aerospace industry”**. The faculty and students of Paavai Engineering college attended the first day program given by Dr. R. Kannan, Assistant Professor, Aerospace Engineering, Amrita Vishwa Vidyapeetham, Coimbatore**.** He gave a brief presentation among the students, faculties regarding the recent research going in on aeronautics like Small size satellities, Rockets structures and gave speech about career opportunities in aerodynamics field. The presentation was useful and inspiring for the students as well as the faculty who had participated.

On second day a wonderful lecture given by Muthuraman.R.K, HOD/Aerospace Engineering and I. Karthic subramaniyan, Asst Prof/Aerospace Engg, Periyar Maniammai institute of science & technology, Thanjavur about the basic aspects expecting from an aeronautical engineers in core field as well as in software field.

Next day presentation was given by Dr.C.Ramesh, Associate Professor/Aeronautical engineering, Hindustan University, Chennai. He was shared his experience about ongoing projects doing in simcrash centre, Hindustan university such as Under water explosion, Projectile impact using and he gave demo presentation about how they are designing the specimen and testing in software. It was very useful and inspiring speech among participants.

On Fifth day Dr. S. Venkatachalam, Asst Prof/Aerospace Engineering, Karunya Institute of Technology and Sciences who is expect in aircraft structures. He shared his knowledge about basic concepts about structures and gave solution to some critical structural problems in aircrafts. It was very useful and inspiring speech among students.

On last day of the faculty development program Dr. T.A. Sundara Vadivel, Assistant Professor/ Mechanical, R.M.D. engineering college delivered a wonderful presentation on

“Thermodynamics and hear transfer”. He shared his wide knowledge in engines to students and faculties. It was nice and useful presentation.

Earlier, Welcome address was given by Mr.D.Rajkumar, AP/Aero for all five days. And the vote of thanks was given by Mr.G.Sasi, AP/Aero. The Head, faculty members and students of the department graced the function with their presence.

Workshop

MATLAB

Paavai Engineering College (Autonomous), Department of Chemical Engineering organized Two days workshop on MATLAB from 09-10-2018 to 10-10-2018.

Dr.K.K.Ramasamy, Director-Administration, Paavai Institutions, and Dr.M.Premkumar, the principal, Paavai Engineering College (Autonomous), presided over the inaugural function. Mr.G.Srinivasan, HOD, Department of Chemical Engineering, welcomed the director, staff and students. He gave warm welcome to chief guest Dr. Udaya Bhaskar Reddy Ragula, Associate Professor, Amrita University.

The Dr.K.K.Ramasamy, in his presidential address, explained briefly about the concept of MATLAB and its importance in engineering applications.

The chief guest Dr. Udaya Bhaskar Reddy Ragula gave short introduction and importance of MATLAB in inauguration function and later he trained the students and lab technicians in simulation lab. Some of the points are given below.

The name MATLAB stands for MATrix LABoratory. MATrix LABoratory was originally developed by Cleve Moler in the 1970's, then chairman of the computer science department of the University of New Mexico. MATLAB was written originally to provide easy access to matrix software developed by the LINPACK (linear system package) and EISPACK (Eigen system

package) projects. It was an interface for the LINPACK and EISPACK libraries. Matlab was originally intended for a linear algebra course. MATLAB is a high-performance language for technical computing. It integrates computation, visualization, and programming environment. Furthermore, MATLAB is a modern programming language environment. It has sophisticated data structures, contains built-in editing and debugging tools, and supports object-oriented programming. These factors make MATLAB an excellent tool for teaching and research. MATLAB has many advantages compared to conventional computer languages (e.g., C, FORTRAN) for solving technical problems. MATLAB is an interactive system whose basic data element is an array that does not require dimensioning. The software package has been commercially available since 1984 and is now considered as a standard tool at most universities and industries worldwide. It has powerful built-in routines that enable a very wide variety of computations. It also has easy to use graphics commands that make the visualization of results immediately available. Specific applications are collected in packages referred to as toolbox. There are toolboxes for signal processing, symbolic computation, control theory, simulation, optimization, and several other fields of applied science and engineering.

SKILL ENHANCEMENT PROGRAMME

A Two day Faculty development programme was organized by the Department of faculty development department, on 16/08/2018 to 18/08/2018 on the topic, “skill enhancement Training for engineering faculties”. The faculty members of Engineering colleges participated. Dr.R.Kasthuri Bai and Mrs. K.Subashini, Associate professor, Faculty Development Department emphasized the soft skills and enhancement of teaching. They further highlighted the different strategies and techniques of teaching and learning to make the classroom interactive and interesting. Faculty Development Programme on "**Emerging trends in the development of material characterization**"

A One day Faculty Development Programme (FDP) on "**Emerging trends in the developmentof material characterization**" was conducted by department of chemistry, Paavai Engineering College on 05.01.2018 at Cute Hall, Paavai Engineering College. Dr.G.Raja, Head of the Department of chemistry, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Chemistry belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

From this programme, the faculty members learnt the basic concepts of materials and its applications. Nowadays, this method is time-consuming and laborious; it often takes ten to twenty years from design, development, experiment, optimization, and characterization to integration, application, and first time put into the market, which is difficult to meet the needs of the rapid development of industry for new materials. With the development of economy and science and technology, designing materials on demand and accurately controlling materials' properties have become the development trends of advanced materials have been discussed. The session ended up with doubts and questions by our staffs their doubts. R.Gayathri, AP/Chemistry proposed the vote of thanks.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering is offering B.E (ECE), M.E (Applied Electronics) , M.E (VLSI Design) and M.E (Communication Systems). The department is enriched with latest lab equipment and promotes R&D activities is related areas in collaboration with industries, wherever possible. The department has R&D and VLSI lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community. The students are exposed to the practical and industrial aspects of the subjects through laboratory work and periodic industrial visits.

LOCATION OF THE INSTITUTION

SCOPE & OBJECTIVE OF THE WORKSHOP

Health is our most basic human right and one of the most important indicators of sustainable development.The National Level Workshop on Awareness about Safety of Human Health amongst Natural Environment is highlights the need to redouble efforts to improve the lives of the poorest and most vulnerable populations and to protect the planet's ecosystems. The unfortunate some of the significant constituents in human health, and discusses important common themes, challenges and opportunities and a variety of adverse human health impacts.

COURSE CONTENTS

A National Level Two Day Workshop on

"Awareness about Safety of Human Health amongst the Natural Environment"

A two day ICMR sponsored National Level workshop on the title "Awareness about Safety of Human Health amongst the Natural Environment" was conducted by the Department of Electronics and Communication Engineering on 23.06.2017 and 24.06.2017 in Cute Hall.

The function started with the prayer song. Dr.M.Premkumar, Principal of Paavai Engineering College, presided over the function. While delivering the presidential address, he insisted the students to acquire knowledge about healthy food habits and life cycle and follow the same to lead a happy life and profession.

On day one, two sessions were conducted. The morning session was handled by the resource person Dr.K.R.Uma Devi, Scientist 'D' & HoD, Immunology, National Institute for Research in Tuberculosis, Chennai. She explained about the reasons, types and treatment available for tuberculosis. Also she added the role of Engineers in the design of equipments that are currently used in TB treatment at low cost. The afternoon session was handled by Dr.A.S. Kandasamy, Professor, Department of ECE. He explained about the importance of domain knowledge and the safety measures that should be taken into consideration while designing the equipments that are used in medical field. At the end of the session, the students had an interaction with him and he enlightened the students with his valuable thoughts.

The morning session of the second day was handled by Dr.S.Ashok, Managing Director, Saravana Hospitals, Salem. He elaborated on health and hygiene and treatment for various diseases. The afternoon session was illuminated by Thiru.Angamuthu, Social Activitist. In that session he spoke about siddha medicine that are available around us and simple exercises that are to be imbibed in our daily life.

Dr.R.Arangasamy, HoD/ECE, faculty members and students of our college as well as other colleges participated in the workshop.

Earlier Dr.R.Arangasamy, HoD/ECE, welcomed the gathering and Prof.S.Kumarganesh proposed the vote of thanks.

FACULTY DEVEOPMENT PROGRAMME ON CIRCUIT THEORY

The Department of EEE, Paavai Institutions has conducted a two day in-house Faculty Development Programme on the title, "Circuit Theory" on 27.11.2017 & 28.11.2017. The resource persons were Mr.D.Murugesan, Mrs.V.Royna Daisy, Mrs.B.Gomathi, Mr.K.Arutselvan and Mrs.R.M.Thamilselvi. The faculty members of EEE department of Paavai Engineering College, Paavai College of Engineering and Pavai College of Technology have attended this FDP. Dr.K.Selvi Dean-Academics and Dr.R.KasthuriBai Dean –Faculty Development inaugurated the FDP and insisted the faculty members to consider this kind of FDP as a forum to discuss on the various topics in the subject, and Dr.G.Balaji ,HOD EEE was present during the session and supported the faculty members.

The first session on 27.11.2017 was handled by Mr.D.Murugesan on the topic "Basics of Elements". In his session he gave a brief introduction on the Basic circuit laws(KCL ,KVL) and a detailed review on the comparison of Mesh and Nodal analysis. He also elaborated on the basic operations of Star-Delta and Delta-Star conversions. . The next session was handled by ,Mrs.V.Royna Daisy on the topic, "Network Theorems". In her session she explained about Thevenin's Theorem, Norton's Theorem, Superposition Theorem and Maximum Power Transfer Theorem. She gave detailed explanation on how to derive the output voltage and Output current for the different types of networks.

Technical problems were also solved.The next session was handled by Mrs.B.Gomathi on the topic, “Resonance and Coupled Circuits”. In her session she explained about Series and Parallel Resonance circuits. She also gave detailed explanation about Voltage Magnification, Coupled circuits and Coupling Co-efficients.

On the second day, 28.11.2017, the first session was handled Mr.K.Arutselvan on the topic “Transient Circuits”. He enumerated on the effects and causes of Transients in Electrical circuits and PCB. This session included animations to have a clear understanding of the circuit operations and solving of technical questions of types frequently asked in GATE exams. The next session was handled by Mrs.R.M.Thamilselvi on the topic, “Power Measurements”. She gave a detailed explanation on the Active,Reactive and Apparent Power. She also dealt the topics on Wattmeter methods and how it works practically. Derivations were also derived under this topic.

Hands on training on “Circuit Theory” using PSIM was given in the afternoon sessions. The faculty members were able to simulate and verify the outputs of circuits learnt in the theory sessions.

This two day FDP was an exclusive forum to discuss and extend the knowledge of faculty members in the Circuit Theory field. It was sure that the faculty members have got a clear idea on the ways and means to explain the students clearly to have an in-depth knowledge.

The FDP is organized in such a way faculty gets the understanding of processor/controller architecture in detail. The usage of the processor needs to understanding of assembly instructions, modes of operations and higher level language such as python to write higher applications. Faculties were given awareness on guiding, developing and documenting projects in right way.

This two day FDP was an exclusive forum to discuss and extend the knowledge of faculty members in the Embedded Systems. It was sure that the faculty members have got a clear idea on the ways and means to explain the students clearly to have

A two day FDP on “Python Program” was Organized by FDD and conducted by the Department of Computer Science and Engineering, MCA, Information and Technology. M.RevathiAP/CSE-PEC, D.Banumathy ASP-PEC, were the resource people of the FDP. Faculties from PEC, PCE, PCT belonging to the department of CSE, faculties from PEC IT and MCA attended this FDP session. Hands-on-training was given to the participants along with the concept presentation by resource people. The topics covered during the FDP session are mentioned below, Introduction to programming languages, Basics of Python, Python data variables, operators, control structures, data structures. After the completion of the lecture on these above mentioned topics, assignment was given by the resource person whom is to be submitted the next day. Details on Functions, Class and Inheritance, File handling, Infosys FP 5.0 modules and videos were discussed in interactive session. Doubts were asked and cleared whereas example programs were executed for each of the topic mentioned above. After the completion of the session, valedictory program was held in presence of Dr.A.Suphalakshmi, HOD/CSE-PEC and Dr.K.Selvi, Dean Academics who motivated all the staff members to utilize the knowledge gained for further application development and project development.

Dr.T.Purusothaman, Professor, Government College of Technology, Coimbatore, presented ISTE STTP workshop on “Cyber Physical Systems”. The programme was organized by conducted by the Department of Computer Science and Engineering, MCA, Information and Technology .This technology builds on the older discipline of embedded systems, computers and software embedded in devices whose principle mission is not computation, such as cars, toys, medical devices, and scientific instruments. The resource person explained on how a mechanism is build and controlled monitored by computer algorithms .He stated various real time examples and discussed on multidisciplinary research ideas and innovation.

Finite Element Analysis

A two-day faculty development programme on "**Finite Element Analysis**" was held at PaavaiEngineering College, from November 23rd and24th, 2017. The FDP aims to provide opportunities to faculty members to enrich their teaching skill. The Programme also intends to develop the knowledge of participants for Finite Element Analysisin the relevant field for inculcating learning values in students and guiding and monitoring their progress.

Mr.P.N.Mohankumar, Assistant Professor, Department of Mechanical Engineering, Paavai Engineering College has delivered an interactive lecture on "Isoparametric Elements". In this session participants learned the meaning, definition and derivation of shape functions and stiffness matrix of IsoparametricElements. During the tutorial hours each one type of sample problems are solved and as well as assignments are given for more practices.

Mr.V.Elango, Assistant Professor,Department of Mechanical Engineering, Paavai Engineering College, conducted the session on "Axi-Symmetric Elements". In this session, he explained the various classifications of Elements type, Related Derivations of Axi Symmetric Elements and Sample problems are solved. Assignments aregiven to the participants to their practices.

FLUID POWER SYSTEM

A two-day faculty development programme on **"Fluid Power Systems"** was held at Paavai Engineering College, from December 04th and 05th, 2017. The FDP aims to provide opportunities to faculty members to enrich their teaching skill. The Programme also intends to develop the knowledge of participants for Fluid power Systems with advanced tools in the relevant field for inculcating learning values in students and guiding and monitoring their progress. The FDP was attended by 15 participants. Mr.V.K.Gobinath, Assistant Professor, Department of Mechatronics Engineering, Paavai Engineering College has delivered an interactive lecture on "Fluid power Systems". In this session participants learned the meaning, definition and importance of Fluid Power Systems. Various tasks were given to participants so that all the methodologies could be understood easily. Mr.G.Raja, Assistant Professor, Department of Mechatronics Engineering, Paavai Engineering College, conducted the session on "Fluid power Valves". In this session, he explained the various classifications of valves and effective interaction of fluid power valves. Video demonstrations were shown to participants so that all the methodologies could be understood easily.

Thus the two-days faculty development programme on **"Fluid Power Systems"** was successfully completed in effective manner. All members involved were delighted with this learning initiative and value addition experience. The feedback received conveyed that the programme was intellectually enriching and qualitatively engrossing. The programme accomplished its set objectives and was a grand success.

The Department of Agriculture Engineering organized a FDP on "FUTURE TRENDS IN AGRICULTURAL ENGINEERING" on 01.08.2017 at a cute hall. The welcome was address given by Mr. K.B. RAMKUMAR Faculty of Agriculture. The Principal, Paavai Engineering College, Presided over the function. In his presidential address, he emphasized the importance of this session and made the student enthusiastic to learn from the guest speaker. The chief guest started his session by saying about the traditional mechanical engineering; other engineering branches such as electronics, control engineering and physics play their specific role within the agricultural engineering field. She also said that Agricultural engineering has affected and stimulated major changes in agriculture. She explained about Mechanization and automation, structures and environment, labor and management, and energy and water. The knowledge and expertise generated in several agricultural and environmental engineering fields must be integrated with expertise of biological and socio-economic sciences. The re-design of production systems and their technology can help to achieve ecologically sound and economically viable agriculture and its acceptance in the community. The session ended up with doubts and questions by our students and the guest solved their doubts. Mrs. P. PAPITHA Faculty of Agriculture proposed the vote of thanks.

Mr.G.Srinivasan gave warm welcome to chief guest Dr.N.AnantharamanProfessor & Dean Academic Programme,NIT Trichy, and Dr.UdayaBhaskar Reddy Ragula, Associate Professor, Amrita University.

The Dr.K.K.Ramasamy, in his presidential address, explained briefly about the concept of simulation and its importance in engineering applications.

The chief guestsDr.N.Anantharaman and Dr.UdayaBhaskar Reddy Ragula explained in details about concepts of process simulation and its applications in chemical engineering. Some of the points are given below.

A simulation is the execution of a model and is represented by a computer program that gives

information about the system being investigated. The simulation approach of analyzing a model is opposed to the analytical approach, where the method of analyzing the system is purely theoretical. As this approach is more reliable, the simulation approach gives more flexibility and convenience. The activities of the model consist of events, which are activated at certain points in time and in this way affect the overall state of the system. The points in time that an event is activated are randomized, so no input from outside the system is required. Events exist autonomously and they are discrete so between the executions of two events nothing happens. The SIMSCRIPT provides a process-based approach of writing a simulation program. With this approach, the components of the program consist of entities, which combine several related events into one process.

Modelling and simulation of system design trade off is good preparation for design and engineering decisions in real world jobs.The scenario described above is but one situation where computer simulation can be effectively used. In addition to its use as a tool to better understand and optimize performance and/or reliability of systems, simulation is also extensively used to verify the correctness of designs. Most if not all digital integrated circuits manufactured today are first extensively simulated before they are manufactured to identify and correct design errors. Simulation early in the design cycle is important because the cost to repair mistakes increases dramatically the later in the product life cycle that the error is detected. Another important application of simulation is in developing "virtual environments" e.g., for training. Analogous to the holodeck in the popular science-fiction television program Star Trek, simulations generate dynamic environments with which users can interact "as if they were really there." Such simulations are used extensively today to train military personnel for battlefield situations, at a fraction of the cost of running exercises involving real tanks, aircraft, etc.

FDP on “Tactics of counseling students”

The Department of MBA organized a Faculty Development Programme on **“**Tactics of counseling students**”** on 07.08.2017 at Smart Hall . The function started with silent prayer followed by prayer song. The welcome address was proposed by Dr.M.GURUSAMY ASP/MBA . The Principal, Paavai Engineering College, presided over the function. In his presidential address, he emphasized the importance of this FDP and made the staffs enthusiastic to learn more on Counseling students. The chief guest started his session by saying about the importance of counseling students and its Tactics . He insisted that the faculties should know the value of counseling .. The session ended up with doubts and questions by our staffs and the Guest solved their doubts. Mr.RAMKUMAR, AP/MBA proposed the vote of thanks.

A REPORT ON THE ORIENTATION PROGRAMME CONDUCTED FOR THE RECENTLY RECRUITED STAFF MEMBERS OF PAAVAI INSTITUTIONS (DURING THE ACADEMIC YEAR 2017-18)

Excellence in any art is won by training and habituation. Hence, **Paavai Faculty development department** believes in offering continuous training programmes to staff members (recently recruited and existing) in fostering domain knowledge, strengthening communicative competence, adopting various effective and innovative pedagogical skills with an emphasis on institutional values and Paavai culture.

An Orientation programme for the recently recruited staff members of Paavai institutions commenced during the academic year 2017-18 in the following manner. In order to give individual attention and intensification the members were divided into small batches, each consisting of 25-30. The first batch of Arts and Science & polytechnic had their training from 05.06.17 to 09.06.17, the second batch of Engineering faculty from PEC and the concurrent batch of faculty from PCE &PCT held from 12.06.17 to 16.06.17.

The orientation programme was inaugurated by Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions. In his inaugural address, he elaborated about the 'Making of Paavai' and he further stressed the effective leadership and its styles. In the afternoon session, correspondent madam spoke about the civic behavior and social responsibility of an individual. Prof.Chenniappan, Dean English, Prof.A.S.Kandasamy, ECE, PEC, Dr.Selvi, Dean Academics, Dr.KasthuriBai, Dean Faculty Development, Dr.Devi, Principal, PCE, Mr.S.Srinivasan, Placement & Training, Dr.A.Suphalakshmi, HoD, CSE , Dr.R.Rajeshwari, Principal, PASW, Mrs.Jayalakshmi. Dean Counselling AND Mrs.Subashini, Faculty development department were the resource persons for the recently recruited faculty of Arts and science & polytechnic college . The topics such as Communication, Pedagogy, Teaching science subjects, Institutional belongingness, Role of teachers in Placement and training, Smart teaching, Fulfilling works' place expectation and Teachers are second parents were dealt upon. The participant teachers took classes in their respective subjects and corrections were given for further improvement. Then the video graphing of the classes of participant teachers were taken and it was shown to them for the correction.

Prof.Chenniappan, Dean English, Prof.A.S.Kandasamy, ECE, PEC, Dr.Selvi, Dean Academics, Dr.KasthuriBai, Dean Faculty Development, Dr.Devi, Principal, PCE, Prof. Jagannathan, Dean Agriculture, PEC, Mrs.Jayalakshmi, Dean Counselling, Mr.S.Srinivasan, Placement & Training, Dr.A.Suphalakshmi, HoD, CSE , Dr.Arangasamy, ECE, HoD, PEC, Mrs.Subashini, Faculty development department and Dr.Murali Babu, COE, PEC were the resource persons for the recently recruited faculty of Engineering collegesthrowing light on Paavai culture, Student -Staff-Superior relationship, Accountability to the institution, innovative pedagogical strategies, language competence, Communication, Pedagogy, Teaching science subjects, Institutional belongingness, Role of teachers in Placement and training, Smart teaching, Fulfilling works' place expectation and Teachers are second parents and presentation skills and professional ethics.

The highlight of the training was the introduction of Microteaching according to which, each faculty was asked to make a mini presentation on a topic of his/her own interest specializing in the skills of introduction ,explanation, interaction, interrogation, demonstration, board management, verbal and non-verbal communication, project preparation, summing up etc. The faculty members were observed and suggestions were offered to them, then and there, by the subject experts. The performance was also video-graphed and monitored by Dr.R.Kasthuri Bai, Dean, Faculty Development and Mrs.Subashini.K , Associate professor, Faculty development dept, PEC. SWOT analysis was done to increase the awareness of the faculty to convert their weakness into strengths and threats into opportunities. It was found out that there was a marked change in the performance of the trainees from their initial efforts to their final presentation in various parameters of effective teaching. Since training is a continuous self-promoting venture, the Academy has decided to enter into a second round of professional enrichment for the faculty to keep abreast with innovative practices and quality teaching to have holistic impact upon the stakeholders.

The valedictory and feedback session was held on 16.6.17 for Arts and science, Polytechnic and Engineering colleges. The feedback was given by all faculty representing each college. It was followed by the Valedictory address by the chairman sir. In his Valedictory address, he stressed about the importance of empowerment and accountability of the faculty to the institution. The correspondent madam felicitated the gathering. It was followed by oath taking by the deans, HoDs & principals. Then the oath taking by the recently recruited faculty was also taken place. The vote of thanks was delivered by Mrs.K.Kokila, AP, PEC. The session concluded with National Anthem.

REPORTFACULTY REVALIDATION PROGRAMME (FRP)

Faculty Development Department organizes faculty revalidation programme (FRP) for those faculty members have minimum two years' experience. This year too, a FRP programme was held from 13.11.2017 to 17.11.2017 at the Smart Hall. Faculty members from PEC, PCE, PCT, PPC, PASCW who attended the orientation programme.The Inauguration was held at the Smart hall on 21.06.2016, where the Chairman Shri.CA.N.V.Natarajan stressed the importance of teaching profession, role of teachers and their commitment towards students to get good citizens of the society. The objectives and methodology of the orientation programme were read by Dr.K.Selvi, Dean Academics, PEC. After the inauguration, the technical sessions commenced.Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions, Dr.K.K.Ramasamy, Director Administration, Prof. R.Chenniappan, Dean English, Dr. R. REPORT- FACULTY REJUVENATION PROGRAMME, YERCAUD

The paavai Institution organized a Faculty rejuvenation programme for the facultymembers to make them familiar with the institutional practices and the instructional strategies of teaching and learning, because teachers are considered to be the pillars of Paavai. The orientation programme was held from 09.01.2018 to 12.01.2018 at Yercaud. All faculty members from Paavai institutions attended the orientation programme. The Inauguration was held at the hotelcholayercaud on 9.01.2018, where in Shri.CA.N.V.Natarajan, the Chairman explained the importance of teaching profession, role of teachers and their commitment towards students to get centum results and to groom them as employed citizens of the society. Smt.MangaiNatarajan, the Correspondent, felicitated the gathering. She highlighted the need for developing positive attitude among the teachers. She also pointed out the professional norms to be followed as a faculty member and the targets to be focussed to make the students degree holders. The objectives and methodology of the orientation programme were read out by Mr.J.Karthick,Chief trainer welcomed the gathering.

After the inauguration, the sessions commenced. Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions, Dr.K.K.Ramasamy, Director Administration, Paavai Institutions, Dr.C.Sathish, Director, Paavai Group of schools. During his presentation, the Chairman, emphasized that, the expected outcome from Paavai faculty is essential in the sense, that the staff should take all means to retain students during the entire course of study. There should not be any students dropout. It should be the utmost responsibility of the staff to enable the students to complete their degree and get certification. He accentuated that the faculty members should know about their students completely, so that it will be easy to guide the students efficiently and thoroughly. He further stressed the ideal qualities of Paavai students and advised the faculty to impart the same to the students.

Finally, he concluded that the destiny of the students is in the hands of the teacher. Henceforth, the staff should work with involvement and dedication. Dr.K.K.Ramasamy, Director Administration, expounded on the different roles and responsibilities of the teachers. He advocated the practical method of teaching to reach out to the students of all categories. Various examples related to different branches of study were explained. Dr.C.Sathish, Director, spoke on, 'Academic leadership'.He narrated the good qualities of a leader. He said the teacher should reflect on their practices and consider how well they are encouraging active learning.He stated that in order to face today's higher education challenges, a teacher should have the courage and confidence of a lion, the king of the forest and also acquire a big focused vision leading to big results as that of an eagle. He showed video illustrating the qualities of a leader. He presented the hand-outs to the teachers to self-examine one's strength and burn out the negatives for the betterment of an individual. Finally, he concluded that the teachers should emerge as contributors to the growth of an institution.. Each resource person explained, elaborated and had an interactive session with the faculty members.

Around thirteen topics had been handled in these five days. Throughout the orientation the members were assisted to hone their LSRW skills. Assignments, peer teaching and evaluation, lesson plan writing, preparation of mind-map, were undertaken by the faculty members.

Every faculty gave a model presentation of their teaching units and feedback was given then and there to enhance the procedure of the effective teaching. Different kinds of activities such as Ice breaking event, leadership and Number game, Tables and Thirukurral recitation game, memory games were also conducted to keep up the excitement of teaching and learning.

The valedictory function was held on 12.01.2018 by 02.30 p.m. All the faculty members recorded their feedback. Smt. MangaiNatarajan, the correspondent felicitated the gathering by explaining the multiple roles of teachers in adhering to the ethics and the responsibilities of the profession. She highlighted the idea that the teachers should act as a facilitator, guide, controller and counselor to the students in bringing out the best in them and make them realize their potentials to successfully complete their studies. With this the orientation programme came to an end.

Dear Principal, Dr.M.Premkumar of Paavai Engineering College (PECTN),

Apologies for resending the report, please note the updated category.

The D2S program of QEEE (Quality Enhancement in Engineering Education) strives to raise the bar of engineering education pan India through its intervention in Tier 2 and Tier 3 colleges. The program began in Jan 2014, and has offered about 150 courses over 6 semesters since then.

For the success of the program, it is essential that participant colleges are committed to the objectives of the program. Accordingly, we have rated the colleges on 3 parameters - attendance, interaction and performance. Based on the ratings, we have also placed the colleges in one of the following 5 categories

- **Partner**- Colleges that are in sync with the IITs on the program objectives
- **Committed** Colleges that are complying with the requirement, but have still not been able to integrate the program fully into their college
- **Non-Committed**- Colleges that acknowledge the usefulness of the program, but are struggling to incorporate it into their college

International Workshop on "Integrating Technology in ESL Classroom (ITESL)

A Two-Day International Workshop on "Integrating Technology in ESL Classroom (ITESL)" was conducted on 20th and 21st February 2017 in association with Anna University, Chennai. Shrimathi.Mangai Natarajan, Correspondent, Paavai Institutions, presided over the inauguration. Ms.Julie A.Kalsow, English Language Fellow – India, Dr.Deepa Mary Francis, Anna University, Chennai, and Dr.R.Kasthuri Bai, Dean – Faculty Development, were the resource persons of the workshop. Ms. Julie, in her session, said how English is learnt as a second language in many foreign countries. Dr.Deepa Mary Francis explained the essentiality of reading and the nuances involved in reading. On Day 2, Dr.R.Kasthuri Bai said any language cannot be taught but it has to be caught. Dr.R.Shanthi, Head of the Department of English, was the convener of this International Workshop. Prof.R.Chenniappan, Dean – English, Paavai Institutions, thanked the resource persons and all the participants. At the end of the second day, certificates were issued to the participants of this workshop.

Faculty Development Programme on "**Material Characterization Techniques and Electron Microscope**"

The Faculty Development Programme (FDP) on "Material Characterization Techniques and Electron Microscope" was conducted by department of Physics, Paavai Engineering College on 04.01.2017 at Smart Hall, Paavai Engineering College. Dr.S.Vadivel, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Physics belong to Paavai Institutions. Dr. M. Premkumar, Principal, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

Faculty Development programme on Material Testing, Characterization Techniques for Research course is structured to develop/improve Faculty skill in materials characterization techniques. The Programme is designed to give a broad perspective of major characterization tools with hands-on in conducting and analysis of data. The course includes lectures and hands-on training on the Mechanical Testing, Optical microscope, X-Ray Diffraction, Scanning electron microscopy, X-ray spectroscopy for elemental analysis, Raman spectroscopy, IR spectroscopy, Transmitted electron microscopy, Thermal analysis, Electrical measurements, Scanning probe microscopy, Welding Metallurgy, Surface chemical analysis and other advanced techniques. Mrs. R. Dhananchezian, AP/Physics proposed the vote of thanks

WORKSHOP ON TECHNICAL ENGLISH

A two day FDP was conducted for the faculty members belonging to the department of English from PEC, PCE and PCT. Dr.K.Selvi, Dean Academics, welcomed the gathering and suggested the faculty members to make use of the opportunity to enhance their English knowledge. On the first day, the forenoon session was handled by Prof. R.Chenniappan, Dean English, on the title "Speech Sounds of English". This session was followed by Dr.R.Shanthi, HoD of English, PEC handling the topic "Essay Writing". In the afternoon session, a test was conducted on the topics which were taught in the forenoon session. On the second day, the forenoon session was handled by Prof. R.Chenniappan on the titles "Stress and Accent" and "Intonation". Following him, Dr.R.Shanthi explained her views on "Review Writing". In the afternoon session, a test was conducted.

1) He/ she must be a faculty member in the Department of **Electronics and Communication Engineering / Electrical Engineering / Computer Science and Engineering / Instrumentation Engineering /Information Technology /Physics** with basic **VLSI** knowledge/ **Mathematics** with basic **VLSI** knowledge/ **Material Science** with basic **VLSI** knowledge/ related Departments and Centres.

2) B.E. / B. Tech. or equivalent degree holders in the above mentioned disciplines with minimum teaching experience of 2 years and moderate teaching experience in the area of Analog and Digital Circuits.

3) M.E. / M.Tech. degree holders in the above mentioned disciplines with minimum teaching experience of 1 year and moderate teaching experience in the area of Analog and Digital Circuits.

4) Ph.D. degree holders should have a minimum teaching experience of 1 year and moderate teaching experience in the area of Analog and Digital Circuits.

Who may benefit:

The workshop is likely to benefit regular/visiting faculty colleagues who are teaching subjects like VLSI Design, Fundamentals of Radio Frequency Engineering, Design and Implementation of Mixed Signal Circuits and Systems, Design and Analysis of Radio Frequency Integrated Circuits, Mixed Signal and RFIC Design, Analog Front-End Design, Digital VLSI Circuits, VLSI Architecture for Video Processing, etc.

Note:

Please note that this ISTE STTP is conducted under the CEP IIT Kharagpur. Live recording of the course and other created contents will be released under Open Source through a portal. The recorded CD/DVD of the course lectures will be available for distribution, at cost, to any individual or institution. All participants are required to sign an undertaking for such release of contents contributed by them during and after the STTP. The recognition and citation will naturally be made for all contributors.

Course Fee:

This ISTE STTP on 'CMOS, Mixed Signal and Radio Frequency VLSI Design' is funded by the National Mission on Education through ICT (MHRD, Government of India), therefore there is no course fee for participants.

Accommodation:

Remote Centers are being funded to provide tea/lunch on each day of the workshop, and for accommodation, wherever available, for a limited number of outstation participants. **Travel expenses up to Rs. 1000/- one way and one-time will be reimbursed against proof of actual expenditure, for participants beyond a distances of 100 km from the remote center.**

How to Apply:

Those willing to attend this course should register online.

A two week ISTE STTP in association with Indian Institute of Technology, Kharagpur was on was successfully conducted by the department of Electronics and Communication Engineering, from 30th January, 2017 to 4th February 2017.The Programme was inaugurated in the forenoon by Dr. M. Premkumar, Principal, Paavai Engineering College, and he delivered his presidential address. In his address he stressed the importance of organizing such sponsored STTP.Dr. R. Arangasamy, HOD/ECE/PEC welcomed the gathering and the faculty members were present. Different course modules such as Radio frequency integrated circuits, its architecture, mixed signal blocks, digital VLSI design, High speed CMOS logic, Transfer gate and Dynamic logics, Basics of video processing, VLSI architecture for video processing, analog design ,pipelined ADC topics were covered over the two weeks. Assignments and Quiz were conducted for the participants and certificates were given to the participants in the valedictory session.

FACULTY DEVELOPMENT PROGRAMME ON "POWER ELECTRONICS"

The Faculty Development Department conducted a two-day in-house Faculty Development Programme on the title, "Power Electronics" for the EEE faculty on 08.05.2017 & 09.05.2017. The resource persons were Dr.A.Rathinam, Mr.M.Raja, Mr.K.Arutselvan and Mr.S.Ramachandran. The faculty members of EEE department of Paavai Engineering College, Paavai College of Engineering and Paavai College of Technology attended this FDP. Dr.M.Premkumar inaugurated the FDP and stated that the faculty members consider should the domain related FDP as a forum to discuss the various topics in the subject. Dr.R.KasthuriBai Dean –Faculty Development, Dr.K.Selvi Dean-Academics and Dr.S.Sukumran, Dean Civil Engineering were present during the session and supported the faculty members.The first session on 08.05.2017 was handled by Dr.A.Rathinam on the topic "Introduction to power electronics & Inverters". Int his session he gave a brief introduction about the power semiconductor devices and a detailed review on the comparison of the different power semiconductor devices. He also elaborated on the basic operations of inverters, types of inverters, multilevel inverters and the practical applications of inverters were also given.

The next session was handled by Mr.M.Raja on the topic, “Phase Controlled Rectifiers”. In this session he explained about single and three phase semi and fully controlled converters. He focused on how to derive the average output voltage for the different types of converters. Technical aptitude questions were also solved.

On the second day, the first session was handled by Mr.K.Arutselvan on the topic “Choppers”. He enumerated various choppers such as step down choppers, step up choppers, different classes of choppers and commutation choppers. This session included animations enabling a clear understanding of the circuit operations. The members solved of technical questions of types frequently asked in GATE exams. The next session was handled by Mr.S.Ramachandran on the topic, “AC voltage regulators and Cycloconverters”. He gave a detailed explanation on the operation of AC voltage regulators and Cycloconverters. The hands-on training on Power Electronics principles using MATLAB took place in the afternoon sessions. The faculty members were able to simulate and verify the outputs of circuits learnt in the theory sessions. This two day FDP was an exclusive forum to discuss

FACULTY DEVELOPMENT PROGRAMME (FDP) ON "DESIGN OF ELECTRICAL MACHINES"

A two day Faculty Development Programme (FDP) on "Design of Electrical Machines" was conducted by FDP team from 28/11/2016 and 29/11/2016 at Cute Hall, Paavai Engineering College. Dr.G.Balaji, Head of the Department and Prof.K.K.Poongodi of EEE of Paavai Engineering College were the resource persons. There were totally 15 teachers from Paavai Institutions who attended the programme. Dr.K.Selvi, Dean-Academics, of Paavai Engineering College welcomed the gathering and talked about the importance of subject enhancement. The programme was organized in four sessions. It was based on Anna University syllabus for VI semester paper "Design of Electrical Machines". Dr.G.Balaji, the resource person, dealt with the topic "Introduction of DC Machines and AC Machines" during the first session. From this session, the faculty members learnt the basic concepts and the problems related to that. During the second session, the topic "Induction machines" was taken and tutorials were given by Mrs. K.K.Poongodi. These kinds of tutorial activities helped our faculty to be strong in their subject.

On the second day (29/11/2016), "Transformer and Synchronous Machines" was handled by the resource person, Mrs. K.K.Poongodi. Simultaneously tutorials were conducted on the respective topics. Dr.S.Sukumar, Dean Civil Engineering motivated the faculty and offered suggestions throughout the programme. In the last session, feedback was given by our faculty which ensured the relevance of the programme and fulfilled the objective.

FACULTY DEVELOPMENT PROGRAMME UNDER INDO-UK HEPP

A Workshop titled **"INDO-UK Higher Education Partnership Programme on Development of Novel Pedagogy Models and Faculty Development Programme – Part-1"** was organized by the Department of Mechanical Engineering at Cute Hall in Paavai Engineering College for three days from 31.10.2016 to 02.11.2016 with the partnership of NAFEMS. The project was supported by Newton-Bhaba Fund and the resource person was **Dr. DILIP K. MAHANTY**, Professor, Mechanical Engineering, Mukesh Patel School of Technology Management & Engineering, NMIMS University, Mumbai. He is an expert in the area of **"Finite Element Analysis"** with rich experience in consulting, research and teaching.

The inaugural function held in this connection was presided over by the Principal, Paavai Engineering College, Dr. M. Premkumar. Welcome address was delivered by Assistant Professor Mr. T.Thangavel and the Chief Guest was introduced by Assistant Professor Mr.R.Gunasekaran. Professor and Head of the Department, Mr. A.P.Sivasubramaniam along with heads of various departments graced the occasion. Faculty members of Mechanical Engineering Department from various Paavai Institutions like Paavai Engineering College, Paavai College of Engineering and Paavai College of Technology participated in the FDP.

The Principal, in his presidential address explained the significance of FDPs in general and the special features of this workshop on Finite Element Analysis. He also highlighted the point that Paavai Engineering College was selected for this partnership programme from among the many prestigious institutions that had applied for this fund which is an honour to the college. He further urged the participants to utilize the benefits of the programme fully to improve their domain knowledge and class room teaching.

The invited speaker Dr. Dilip K. Mahanty conducted the three day programme very effectively. He begun with day-to-day examples to explain the application of Finite Element Methods and how the technology has spread to all the engineering fields. He also explained the evolution of FEM over the years and told that in 1960s there were hardly 10 research papers on this subject, but today large number of papers have FEM as basic technique. The three day course covered major topics like Introduction to FEM, The Stiffness Method & Matrix Techniques, The Basic Component – A Single Element, The Variational Methods and Isoparametric Formulation. Both Theoretical and ANSYS practical sessions were held with technical explanations to various mathematical techniques of FEM and options available in Ansys simulation software. The participants found the sessions very interactive, informative and interesting and also helpful for class room teaching. Assistant Professor Mr. P. Mohanraj co-ordinated the programme and Assistant Professor K.Anand proposed the Vote of Thanks.

FACULTY DEVELOPMENT PROGRAMME UNDER INDO-UK HEPP : FEA – PART II

The second part of the Workshop on Finite Element Analysis under the **"INDO-UK Higher Education Partnership Programme on Development of Novel Pedagogy Models and Faculty Development Programme – Part-II"** was organized by the Department of Mechanical Engineering at Cute Hall in Paavai Engineering College for two days during 27 & 28, January, 2017. The programme was conducted with the partnership of NAFEMS – India and supported by Newton-Bhaba Fund. The subject of the FDP was **Finite Element Analysis** which is finding wide applications in all the engineering fields today. The resource person was **Dr. DILIP K. MAHANTY,** Professor, Mechanical Engineering, Mukesh Patel School of Technology Management & Engineering, NMIMS University, Mumbai. He is an authority on the subject of **"Finite Element Analysis"** with vast experience in teaching, consulting and research.

The inaugural function held in this connection was presided over by the Principal, Paavai Engineering College, Dr. M. Premkumar. Welcome address was delivered by Assistant Professor Mr. T.Thangavel and a brief about the FDP Part-I conducted during 31.10.2016 to 2.11.2016 was given by Assistant Professor Mr.R.Gunasekaran. Professor and Head of the Department, Mr. A.P.Sivasubramaniam along with heads of various departments graced the occasion.

The Principal, in his presidential address explained the significance of FDPs in general and the special features of this workshop on Finite Element Analysis. He also highlighted the fact that people engaged in all the fields like sales, teaching, medicine or any other field today require upgradation of knowledge to excel in their field. It is more so for the teaching community. He further said that the faculty members should utilize this opportunity to gain knowledge on the subject and learn new approaches to class room teaching.

The Guest speaker Dr. Dilip K. Mahanty began the sessions by refreshing the contents he covered in his previous FDP on Finite Element Analysis conducted during 31.10.16 to 2.11.16. In the present 2-day workshop he covered topics on pedagogy and teaching and learning of Finite Element Analysis subject. He explained how learners can be categorized in to different types and the kind of styles to be adopted to teach each category of students. He also conducted practical sessions by forming project teams among the participants and made each team to realize in which area they are strong like Problem Solving/ Communication/Promotion or any other. The participants found the exercise very useful to know about their strengths.

The participants found all the sessions very interactive, informative and interesting and also learned to apply new approaches in class room teaching. Assistant Professor Mr. J. Sujithkumar coordinated the programme and Assistant Professor Mr.P.Mohanraj delivered the Vote of Thanks.

ENGINEERING MECHANICS FOR MECHANICAL ENGINEERING

(21-11-2016 & 22-11-2016)

ORGANISED BY FDP TEAM

Date : 22/11/2016

A programme had been conducted by Faculty Development Department on the title "Engineering Mechanics" for Mechanical Engineering department of Paavai Institutions from 21st to22nd of November 2016. Mr.S.A.Venkatesh, Assistant Professor- Mechanical Engineering was the resource person. Dr.M.Premkumar, Principal of Paavai Engineering College inaugurated the event and Dr.K.Selvi, Dean – Academics highlighted the importance of the program. The FDP programme was organized in four sessions. The subject is for second semester non circuit branches.

On the first day (21-11-16), the resource person clearly described "Basics on statics of particles" and taught the fundamentals of the subject. From this session, the faculty members learnt the basic laws and the concepts. In the Second session the topic "Equilibrium of Rigid bodies" was covered and tutorials were given from the topic. These kinds of tutorial activities helped the faculty members to be strong in their subjects. Interaction took place in both the sessions.

On the second day (22-11-16), the resource person delivered a lecture on the topic "Friction and elements of rigid body dynamics". Simultaneously, tutorials were conducted on the respective topics. The way in which the topic was handled by the resource person, motivated the faculty to be strong in their fundamentals as well as to get updated in the respective topics.

In the last session, feedback was given by the faculty which ensured the relevance of the programme and fulfilled the objective and also the programme ended by the valid suggestion given by Dr.S.Suksumar, Dean – Civil Engineering and Dr.K.K.Ramasamy, Director Admin. Finally vote of thanks was delivered by Dr.S.Suksumar, Dean – Civil Engineering.

(24-11-2016 & 25-11-2016)

ORGANISED BY FDD TEAM Date : 25/11/2016

A two day intra-collegiate Faculty Development Program (FDP) was organized on the subject "Kinematics of Machinery" for Mechanical engineering staff of Paavai Institutions on 24th and 25th of November 2016 at PEC, Cute Hall. The resource person was Mr.J.Selvakumar, Associate Professor ,Mechanical department of Paavai College of Engineering.

The program took place in four sessions covering theory and practicals related to the area of study. On the first day "Basics of Mechanisms, kinematics and its Applications" were taught along with audio visual presentation. In the afternoon the members were given drawing exercises with problems to be solved.

On the second day in the morning the resource person explained about CAM and the principles of follower. The staff members interacted with the resource person on the topic "Gear and Gear trains" and got their doubts clarified. In the afternoon tutorials were conducted exactly to the satisfaction of the faculty. While receiving their corrected exercise, the members gave their feedback that the program fulfilled their expectation.

Earlier, Dr.K.Selvi Dean Academics welcomed the gathering and talked about the need for FDP and Dr.S.Sukumar Dean Civil gave his valuable suggestions during the program. Dr.M.Premkumar principal PEC and Director Admin encouraged the staff members to attend many more events of these types.

(20-05-2017)

An in-house Faculty Development Programme on "Mechatronics Lab" was conducted by the FDD on 20.05.2017 for the faculty members of Mechanical Engineering departments of Paavai Institutions. Mr.P.N.Mohan Kumar, Assistant Professor, Mechanical Engineering, PEC, was the resource person for the forenoon session. He handled the session on various Mechatronics lab elements like components, circuits and working of hydraulic, pneumatic, electro-pneumatic and automation studio software. The practical session was held on various hydraulic, pneumatic circuits, constructed in the training kit and their working was simulated with the automation studio.

The afternoon session was handled by Mr.P.Mohanraj, Assistant Professor, Mechanical Engineering, PEC, wherein he taught about the Architecture and function of 8085 Microprocessor along with the basics of programming in microprocessor. The practical session was on arithmetic, logical and sorting operations.

The training program was well received by the faculty members.

" ENGINEERING THERMODYNAMICS"

An in-house Faculty Development Programme on "Engineering Thermodynamics" was conducted by the FDD on 15.05.2017 and 16.05.2017 for the faculty members of Mechanical Engineering departments of Paavai Engineering Colleges. Mr.M.P Mohanraj, Assistant Professor, Mechanical Engineering, PCT, was the resource person for the forenoon session on 15.05.2017. He spoke about the Basic Concepts and first law of Thermodynamics, classification and various flow and non flow processes of thermodynamics and Concept of temperature and heat. Mr.R.Thayavan, Assistant Professor, Mechanical, PEC, handled the second session wherein he taught about the Second law of thermodynamics, Carnot cycle, reversed Carnot cycle, Heat Engine, Refrigerator, Heat pump, Entropy and principle of increasing entropy.

On 16.05.2017, Mr.P.Elumalai, Associate Professor, Mechanical, PEC, handled the forenoon session. He has explained about the Properties of pure substances, p-V, p-T, T-V,T-s, h-s diagrams of pure substances and steam power cycles. He also illustrated through graphical representation and solved a few problems. In the last session, Mr.V.Elango, Assistant Professor, Mechanical, PEC, spoke about Thermodynamic relations, Psychrometric properties and processes.

The most significant aspect of the FDP was the two day tutorial sessions conducted were very useful for the faculty members. The resource persons gave various typical problems in order to enhance their analytical skills. In addition to the training session, assignments were also given to the faculty to ensure an in-depth knowledge in their respective fields. Dr.S.Sukumar, Dean, Civil Engineering, and Dr.K.Selvi, Dean, Academics graced the programme.

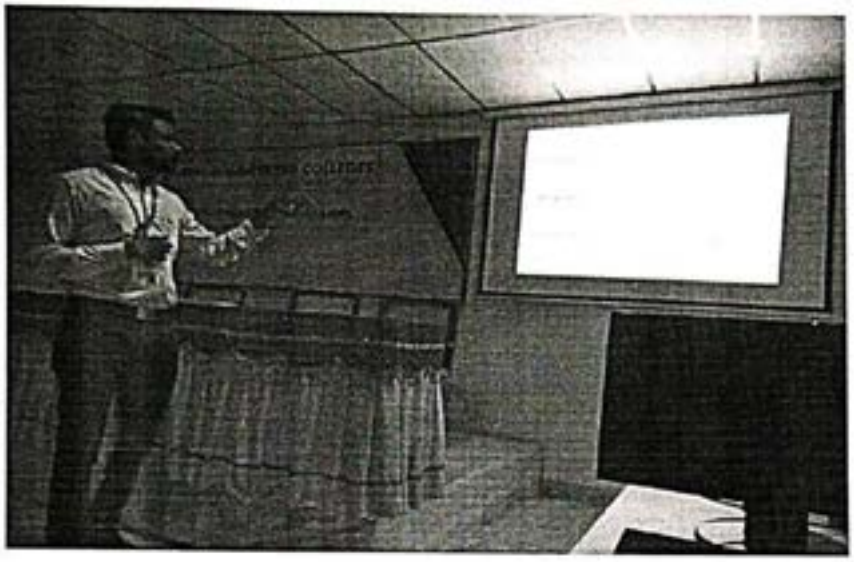
CNC TECHNOLOGY



The Faculty Development Department (FDD) conducted a two day in-house FDP for the faculty of Mechatronics on 09th and 10th of May 2017 at PEC. The programme dealt with "CNC Technology", its relevance and application.

After the formal inauguration by Dr.K.Selvi Dean Academics, Mr.V.K.Gobinath, the first resource person from the Department of Mechatronics, PEC spoke about CNC machines, their features, principles and advantages. Following the introductory lecture, Mr.V.Anand, the second resource person, discussed CNC programming for co-ordinate system. Mr.S.Surya kumar concluded the session by referring to G codes and M codes, tool compensation, part programming and CNC codes from CAM packages.

On the second day (10.05.2017) the faculty did CNC programming at CNC lab, PCT. They executed ten programs pertaining to CNC milling operation, turning, facing, linear interpolation, circular interpolation, peck drilling, contour milling, drilling, gear cutting, key way cutting. The hands-on training was very useful for the faculty to know about the application of CNC Technology.

Dr. S.Sukumar, Dean - Civil, Dr. R. Kasthuribai, Dean - Faulty Development and Dr.K .Selvi, Dean - Academics graced the programme.

FDP ON STRUCTURAL ANALYSIS

A two day Faculty Development Programme (FDP) on "Structural Analysis" was conducted by FDD team from 10/11/2016 to 11/11/2016 at Cute hall, Paavai Engineering College. Dr.S.Sukumar, HOD/Civil/PEC was the resource person.. Dr.K.Selvi, Dean-Academics of Paavai Engineering College welcomed the gathering and talked about the importance of the subject enhancement.

The FDP programme was organized in four sessions. It was based on Anna University syllabus for IV semester paper "Structural Analysis". Our resource person delivered a topic on "Introduction of basic concepts in Structural Analysis" during first session. From this session, our faculties learnt how mathematical equations are expressed.

During the second session, "Flexibility Approach in Structural Elements" was taken and tutorials were given from the topic. This kind of tutorials activities helped our faculties to be strong in their subject.

On the second day (11/11/2016), "Stiffness Approach in Structural Elements" was handled by our resource person. Simultaneously tutorials were conducted on the respective topics. The way in which the topic was handled by the Dean, motivated the faculty to be strong in their fundamentals as well as to get updated in the respective topics.

In the last session, feedback was given by our faculty which ensured the relevance of the programme and fulfilled the objective. Finally vote of thanks was delivered by Dr.K.Selvi, Dean-Academics.

In his presidential address, he emphasized the importance of this session and made the student enthusiastic to learn from the guest speaker. The chief guest started his session by saying about the importance of Drone Agriculture for better farming drones help farmers optimize the use of inputs such as seeds, fertilizers, water, and pesticides more efficiently. This allows timely protection of crops from pests, saves time for crop scouting, reduces overall cost in farm production, and secures high yield and quality crops. He explained about the agricultural drone is an unmanned aerial vehicle (UAV) used to help optimize agriculture operations, increase crop production, and monitor crop growth. Sensors and digital imaging capabilities can give farmers a richer picture of their fields. The session ended up with doubts and questions by our students and the guest solved their doubts. English Discipline

A team of 10 highly qualified and dedicated Faculty members constitute the English Discipline. The main objective of the team is to provide a strong foundation in language skills. The language proficiency is attained by training the students systematically in the four basic skills LSRW - Listening, Speaking, Reading and Writing. With the aid of the Language Laboratory, the teaching sessions are made more interesting and innovative.

Objective of the Workshop

ITESL/CALL includes a wide range of information and communication technology applications and approaches to teaching English as a Second Language. Thus, in ESL classrooms, today, recent technologies have enhanced the Teaching-Learners process with dimension. Language learners have various opportunities for developing second language literacy skills and intercultural understanding in particularly computer-assisted language learning environment. From materials on web-based resources, the ESL alone (English as a Second Language) becomes more dynamic, stimulating, offering the student new ways of practicing their language skill. The focus of this workshop is the ways in which technology can be successfully integrated in teaching and learning of English language.

International Workshop on "Integrating Technology in ESL Classroom (ITESL)

A Two-Day International Workshop on "Integrating Technology in ESL Classroom (ITESL)" was conducted on 20th and 21st February 2017 in association with Anna University, Chennai. Shrimathi.Mangai Natarajan, Correspondent, Paavai Institutions, presided over the inauguration. Ms.Julie A.Kalsow, English Language Fellow – India, Dr.Deepa Mary Francis, Anna University, Chennai, and Dr.R.Kasthuri Bai, Dean – Faculty Development, were the resource persons of the workshop. Ms. Julie, in her session, said how English is learnt as a second language in many foreign countries. Dr.Deepa Mary Francis explained the essentiality of reading and the nuances involved in reading. On Day 2, Dr.R.Kasthuri Bai said any language cannot be taught but it has to be caught. Dr.R.Shanthi, Head of the Department of English, was the convener of this International Workshop. Prof.R.Chenniappan, Dean – English, Paavai Institutions, thanked the resource persons and all the participants. At the end of the second day, certificates were issued to the participants of this workshop.

OBJECTIVE OF THE WORKSHOP
Technical English is a variety of written English with which a majority of English teachers are not particularly familiar or imagine that they are not familiar. Most language teachers are linguists, graduates with arts or humanities qualifications, not with scientific or technical degrees. This is perhaps why many EFL or ESL teachers are often a bit worried about dealing with texts in technical English. Therefore, to enhance the teaching methods used by the faculty members and to have a better understanding of the language's technical aspects we are conducting this workshop.

WORKSHOP ON TECHNICAL ENGLISH

A two day FDP was conducted for the faculty members belonging to the department of English from PEC, PCE and PCT. Dr.K.Selvi, Dean Academics, welcomed the gathering and suggested the faculty members to make use of the opportunity to enhance their English knowledge. On the first day, the forenoon session was handled by Prof. R.Chenniappan, Dear English, on the title "Speech Sounds of English". This session was followed by Dr.R.Shanthi, HoD of English, PEC handling the topic "Essay Writing". In the afternoon session, a test was conducted on the topics which were taught in the forenoon session. On the second day, the forenoon session was handled by Prof. R.Chenniappan on the titles "Stress and Accent" and "Intonation". Following him, Dr.R.Shanthi explained her views on "Review Writing". In the afternoon session, a test was conducted.

Faculty Development Programme on "**Material Characterization Techniques**"

The Faculty Development Programme (FDP) on "**Material Characterization Techniques**" was conducted by department of Physics, Paavai Engineering College on 21.12.2016 at Cute Hall, Paavai Engineering College. Dr.S.Vadivel, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Physics belong to Paavai Institutions. Dr. M. Premkumar, Principal, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

The objective of this programme on Recent Advances in "Materials Characterization Techniques" is to enable early stage researchers, young faculty, as well as established faculty members, to gain exposure to insightful developments taking place in the dynamic world of material characterizations. It will be extremely beneficial for the participants from diverse backgrounds such as metallurgy, materials science, physics and chemistry alike, owing to the versatility of the advanced characterization methods that they come across in the scientific world. Mrs. R. Dhananchezian, AP/Physics proposed the vote of thanks

REPORT ON RESEARCH AND DEVELOPMENTAL ACTIVITIES

FUNDING PROPOSAL TO EXTRA MURAL RESEARCH FUNDING (INDIVIDUAL CENTRIC)

ORGANISED BY FDD TEAM

(15-11-2016)

In connection with the research and developmental activities a meeting was organized for sending proposal to Extra Mural Research Funding Scheme at 2 pm in the cute hall, Paavai Engineering College, organized by FDD team. There were totally 35 research scholars those who have completed Ph.D and those who are doing research attended the meeting.

To start with, Dr.K.Selvi Dean- Academics welcoming the gathering and gave PPT presentation covering with schemes and programs, awards and fellowships, partnership program and S&T support of Science and Engineering Research Board (SERB).

Dr.S.Sukumar, Dean-Civil, elaborated the details such as:

To identify an area and frame the title

To collect materials,

To write a winning proposal

To do the relevant work on it.

And also he cleared the doubts raised by the scholars.

Later Director Administration advised research scholars to identify the relevant companies so that MoUs can be executed for benefit of carrying out research. Dr.M.Premkumar, substantiated the claims of the research scholars and came out with good suggestions too. The meeting came to an end with the decision to meet once again on November 25th.

REPORT- FACULTY REJUVENATION PROGRAMME, YELAGIRI

The paavai Institution organized a Faculty rejuvenation programme for the faculty members to make them familiar with the institutional practices and the instructional strategies of teaching and learning, because teachers are considered to be the pillars of Paavai. The orientation programme was held from 09.01.2017 to 12.01.2017 at Yelagiri Hill Station. All the Principals, HoDs and faculty membersfrom Paavai institutions attended the orientation programme.

The Inauguration was held at the hotelYMCA Yelagiri Hill Station on 09.01.2017, where in Shri.CA.N.V.Natarajan, the Chairman explained the importance of teaching profession, role of teachers and their commitment towards students to get centum results and to groom them as employed citizens of the society. Smt.MangaiNatarajan, the Correspondent, felicitated the gathering. She highlighted the need for developing positive attitude among the teachers. She also pointed out the professional norms to be followed as a faculty member and the targets to be focussed to make the students degree holders. The objectives and methodology of the orientation programme were read out by Mr.J.Karthick,Chief trainer welcomed the gathering.

After the inauguration, the sessions commenced. Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions, Dr.K.K.Ramasamy, Director Administration, Paavai Institutions. He accentuated that the faculty members should know about their students completely, so that it will be easy to guide the students efficiently and thoroughly. He further stressed the ideal qualities of Paavai students and advised the faculty to impart the same to the students. Finally, he concluded that the destiny of the students is in the hands of the teacher. Henceforth, the staff should work with involvement and dedication.

Dr.K.K.Ramasamy, Director Administration, started with the different roles and responsibilities of the teachers. He encouraged the practical method of teaching to reach out to the students of all categories.

Throughout the orientation the members were assisted to hone their LSRW skills. Assignments, peer teaching and evaluation, lesson plan writing, preparation of mind-map, were undertaken by the faculty members. Every faculty gave a model presentation of their teaching units and feedback was given then and there to enhance the procedure of the effective teaching. Different kinds of activities such as Ice breaking event, leadership and Number game, Tables and Thirukurral recitation game, memory games were also conducted to keep up the excitement of teaching and learning.. The valedictory function was held on 12.01.2017 by 02.30 p.m. All the faculty members recorded their feedback. Smt. MangaiNatarajan, the correspondent felicitated the gathering by explaining the multiple roles of teachers in adhering to the ethics and the responsibilities of the profession.

REPORT ON PRE-FRP ORIENTATION PROGRAMME

ORGANISED BY FDD TEAM

Date: 09-11-2016

In connection with the ensuing Faculty Revalidation Programme (FRP) for the year 2016-17 a one day Pre-FRP orientation took place on 9-11-2016 at Cute hall, Panvai Engineering College. There were totally 195 teachers and the PEC faculty (53/73) attended the morning session and the PCE (30/33) & PCT (18/23) staff attended the afternoon session.

To begin with, Dr.K.Selvi, Dean- Academies welcomed the faculty and gave lecture cum PPT presentation covering the need for and significance of PRP. Dr.K.Selvi highlighted the factors that are to be duly kept in practice during classroom delivery.

Dr.K.Selvi also gave a model presentation on the topic "Data Structure". Mrs.Revathi from CSE, Ms.Tamilarasi from Civil and Mr.Prabakaran from Mechanical department gave model presentations to the faculty. Following the presentation, questions were raised by the forum and answers were given.

In the afternoon session, Dr.S.Sukumar, Dean- Civil, gave a model lesson on "Matrix" for the benefit of all the engineering faculty. Mrs.Revathi, Ms.Tamilarasi and Mr.Prabakaran repeated the afternoon session too.

Prof.Chenniappan, Dean-English, spoke on the need to be fluent and accurate in the language aspect and Dr.R.Kasthuri Bai, Dean-FDD, gave the general procedure and discussed the FRP manual. Among the participants, those who gave the first time presentation shared their experience and the benefits they received through FRP to the freshers. With this feedback, the orientation came to an end with the determination to sustain quality in teaching & learning.

Dear Principal, Dr M.Premkumar of Paavai Engineering College (PECTN),

Please ignore my previous mail on the same subject as the data presented was incorrect.
Apologies for inconvenience caused if any.

The D2S program of QEEE (Quality Enhancement in Engineering Education) strives to raise the bar of engineering education pan India through its intervention in Tier 2 and Tier 3 colleges. The program began in Jan 2014, and has offered about 150 courses over 6 semesters since then.

For the success of the program, it is essential that participant colleges are committed to the objectives of the program. Accordingly, we have rated the colleges on 3 parameters - attendance, interaction and performance. Based on the ratings, we have also placed the colleges in one of the following 5 categories

- **Partner** Colleges that are in sync with the IITs on the program objectives
- **Committed** - Colleges that are complying with the requirement, but have still not been able to integrate the program fully into their college
- **Non-Committed** - Colleges that acknowledge the usefulness of the program, but are struggling to incorporate it into their college
- **Doubtful** - Colleges that are on the fence, regarding the usefulness of the program
- **Non-Starters** - Colleges that have not set up the requisite infrastructure / not made arrangement to implement the program in their college

DEPARTMENT OF PHYSICS

Short Term Training Programme on **"Engineering Physics"**

A Two Week Short Term Training Programme (STTP) on "**Engineering Physics**" in association with ISTE on 08.12.2015 – 18.12.2015 at cute hall was conducted by department of Physics, Paavai Engineering College on 28.03.2019 at Cute Hall. Dr.A.Chandramouleeswaran, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this STTP programme was beneficial to allthe faculty members of Physics belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

The STTP will provide a platform for faculty members to enrich their teaching skills and research in the Field of Engineering Materials & Nanotechnologies. This STTP will enable faculty members to discuss and share their ideas with distinguished scientists and academicians of our country. The Two week FDP will provide a better insight into the recent trends in the field of Nanomaterials, Composites, Polymer Electrolytes, Thin film Technology, Energy Devices and Nano-biotechnology. Mrs. C. Barathi, AP/Physics proposed the vote of thanks.

ISTE STTP Workshop for Faculty Members On

'Technical Communication'

The 'Train 1000 Teachers' programme was initiated by IIT Bombay in 2009, under the project 'Empowerment of Students/Teachers,' sponsored by the National Mission on Education through ICT (MHRD, Government of India). The main focus of this programme is to work with Engineering Colleges in the country to enhance the teaching skills of faculty in core Engineering and Science subjects. In 2013, this programme was scaled further, to train up to 10,000 teachers at a time, using 385 established Remote Centers across India. Each Remote Center hosts the main two-week ISTE workshop with partial funding from IIT Bombay. The two-week ISTE workshop on Technical Communication is attended by interested participants of the nearby colleges. Our College was one of the Remote Centers and Dr. R. Shanthi had acted as the host. Certificate were issued based on candidates' performance.

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE was started in the year 2001 and promoted by PAAVAI VARAM EDUCATIONAL TRUST with the basic principles of providing purposeful, goal oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, New Delhi, accredited by NBA & NAAC with 'A' grade and an Autonomous institution affiliated to Anna University, Chennai. It has completed 15 years of dedicated and excellent service in the field of technical education. The college has the vision to strive to be a globally model institution all set for taking lead role in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from AICTE,DRDO,CSIR,TNSCST and other funding agencies. The college attracts outstanding students by virtue of its discipline, modern infrastructure, library and faculty.

ABOUT THE DEPARTMENT

The department of Electronics and Communication Engineering offering B.E(ECE), M.E (Applied Electronics), M.E (VLSI Design) and M.E (Communication System). The department is enriched with latest lab equipment and promotes R&D activities in related areas in collaboration with industries, wherever possible. The department has R&D and VLSI lab with state of the art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community. The students are exposed to the practical and industrial aspects of the subjects through laboratory work and periodic industrial visits.

LOCATION OF THE INSTITUTION

ABOUT THE WORKSHOP

The emphasis of this workshop is on journal publications and thesis writing activity. It is crucial that any paper before you submit or be read by someone else, should be checked with respect to typos, grammatical errors, style and so on. During the workshop we shall discuss the different types of writing that may typically be undertaken during doctoral research. We shall further analyze the strategies for getting started and the crucial importance of defining research problems / hypotheses even before starting to write the thesis and discuss importance of research and development in India which is the need of hour.

TOPICS TO BE COVERED

- How to start research work?
- Types of research.
- Structure of research paper.
- Analysis and empirical results.
- Limitations.
- Reference formatting.
- Scope for future work.
- Types of journal.
- Overcoming the hurdles in thesis writing.

The Department of ECE conducted a workshop on "Challenges in Journals Publication and Thesis Writing" at Smart Hall on 08.01.2016. Dr.K.Sridhar, Professor, Thiyagarajar Engineering College, Madurai was the resource person. This workshop focuses on understanding the

characteristics of a strong thesis and how to write one, as well as the conventions of academic argument more broadly. Using a sample prompt, participants will begin drafting their own thesis statements. This thesis writing workshops provides practical and conceptual information on how academic writing works, and encourages you to put the techniques to use in your thesis, proposals and journal articles. Whatever your current stage of writing, there are benefits for anyone who wishes to attend. The event was concluded with a Vote of Thanks by Mrs.A.Samundeeswari, Associate Professor, ECE.

FACULTY DEVELOPMENT PROGRAMME (FDP) ON "ELECTRICAL MACHINES"

A two day Faculty Development Programme (FDP) on "Electrical Machines" was conducted by Department of EEE from 07/09/2015 and 08/09/2015 at Paavai Engineering College. Dr.G.Balaji, Head of the Department and K.K.Poongodi of EEE of Paavai Engineering College were the resource persons. There were totally 11 teachers from Paavai Institutions who attended the programme. This FDP helped the faculties to understand Electrical Machines such as Motor, Generator and Transformer are tested to calculate the performance of the machine and to have the information about carrying out phasing test and moisture proofness test on different kind of machines.

All the sessions helped the faculties in improving their skill in troubleshooting of electrical machines. Also they Introducing the concepts of Special Electric Machines, Constant switching frequency torque and flux controllers for Direct torque control, Instantaneous torque control for BLDC.

(09.01.2016)

An one day Faculty professional development programme was organized on the subject "Integration and Disintegration of Two wheelers" for Mechanical Engineering faculty of Paavai Engineering College on 09.01.2016 by the Head of the department of Automobile Engineering, Paavai College of Engineering.

There were two session, which covers theory and practical sessions. On the first session 'basics components' of the two wheelers were taught and demonstrations were done by the resource person. In the after session, assembling and dismantling of various components of the two wheelers and their problem rectification were taught. The session went well with nice interaction between the faculty members who have attended the programme and the resource person.

FDP on Siemens Centre of Excellence in Manufacturing tool

A faculty development programme on **"**Siemens centre of excellence in manufacturing" was held at Paavai Engineering College, on 20.02.2016. The FDP aims to provide opportunities to faculty members to enrich their teaching skill. Powerful technologies—including **quantum computing, Artificial Intelligence, Industry 4.0, IoT, Robotics, and Additive Manufacturing**—are ushering in new and competitive risks and opportunities, and businesses often struggle to keep up with them. It becomes inevitable for the Industries to adopt these technologies to be competitive in the market and sustainable. At the same time it is essential for the educational institutions to adopt or include these technologies in the curriculum or teaching, which enables students to be industry ready.

Siemens PLM Software partners with academic institutions to address workforce and education gaps. The Academic Partnership Program provides software and support to schools to improve their ability to develop top-notch engineers and technologists for the PLM industry. CoreEL technologies in association with SIEMENS PLM , introduce 2 major Skill development programs to address the skill gap and make students industry ready.

A REPORT ON THE ORIENTATION PROGRAMME CONDUCTED FOR THE RECENTLY RECRUITED STAFF MEMBERS OF PAAVAI INSTITUTIONS (DURING THE ACADEMIC YEAR 2015-16)

Excellence in any art is won by training and habituation. Hence, the Paavai Faculty development department believes in offering continuous training programmes to staff members (recently recruited and existing) in fostering domain knowledge, strengthening communicative competence, adopting various effective and innovative pedagogical skills with an emphasis on institutional values and Paavai culture.

An Orientation programme for the recently recruited staff members of Paavai institutions commenced during the academic year 2015-16 in the following manner. In order to give individual attention and intensification, the members were divided into small batches, each consisting of 30-36. The first batch of Arts and Science & polytechnic had their training from 15.06.16 to 16.06.16, the second batch of Engineering faculty from PEC and the concurrent batch of faculty from PCE &PCT held from 17.06.16 to 18.06.16.

The orientation programme was inaugurated by Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions. In his inaugural address, he elaborated about the 'Making of Paavai' and he further stressed effective leadership and its styles. In the afternoon session, correspondent madam spoke about the civic behavior and social responsibility of an individual. Prof.Chenniappan, Dean English, Prof.A.S.Kandasamy, ECE, PEC, Dr.Selvi, Dean Academics, Dr.KasthuriBai, Dean Faculty Development, Dr.Devi, Principal, PCE, Mr.S.Srinivasan, Placement & Training, Dr.A.Suphalakshmi, HoD, CSE , Dr.R.Rajeshwari, Principal, PASW, Mrs.Jayalakshmi, Dean Counselling AND Mrs.Subashini, Faculty development department were the resource persons for the recently recruited faculty of Arts and

science & polytechnic college . The topics such as Communication, Pedagogy, Teaching science subjects, Institutional belongingness, Role of teachers in Placement and training, Smart teaching, Fulfilling works' place expectation and Teachers as second parents were dealt upon. The participant teachers took classes in their respective subjects and corrections were given for further improvement. Then the video graphing of the classes of participant teachers were taken and it was shown to them for the correction.

Prof.Chenniappan, Dean English, Prof.A.S.Kandasamy, ECE, PEC, Dr.Selvi, Dean Academics, Dr.KasthuriBai, Dean Faculty Development, Dr.Devi, Principal, PCE, Prof. Jagannathan, Dean Agriculture, PEC, Mrs.Jayalakshmi, Dean Counselling, Mr.S.Srinivasan, Placement & Training, Dr.A.Suphalakshmi, HoD, CSE , Dr.Arangasamy, ECE, HoD, PEC, Mrs.Subashini, Faculty development department and Dr.Murali Babu, COE, PEC were the resource persons for the recently recruited faculty of Engineering colleges throwing light on Paavai culture, Student -Staff-Superior relationship, Accountability to the institution, innovative pedagogical strategies, language competence, Communication, Pedagogy, Teaching science subjects, Institutional belongingness, Role of teachers in Placement and training, Smart teaching, Fulfilling works' place expectation and Teachers are second parents and presentation skills and professional ethics.

The highlight of the training was the introduction of Micro teaching according to which, each faculty was asked to make a mini presentation on a topic of his/her own interest specializing in the skills of introduction ,explanation, interaction, interrogation, demonstration, board management, verbal and non-verbal communication, project preparation, summing up etc. The faculty members were observed and suggestions were offered to them, then and there, by the subject experts. The performance was also video-graphed and monitored by Dr.R.Kasthuri Bai, Dean, Faculty Development and Mrs. Subhashini.K , Associate professor, Faculty development department, PEC. SWOT analysis was done to increase the awareness of the faculty to convert their weakness into strengths and threats into opportunities. It was found out that there was a marked change in the performance of the trainees from their initial efforts to their final presentation in various parameters of effective teaching. Since training is a continuous self-promoting venture, the Academy has decided to enter into a second round of professional enrichment for the faculty to keep abreast with innovative practices and quality teaching to have a holistic impact upon the stakeholders.

The valedictory and feedback session was held on 18.6.16 for Arts and science, Polytechnic and Engineering colleges. The feedback was given by all faculty representing each college. It was followed by the Valedictory address by the chairman, sir. In his Valedictory address, he stressed the importance of empowerment and accountability of the faculty to the institution. The correspondent madam felicitated the gathering. It was followed by oath taking by the deans, HoDs & principals. Then the oath taking by the recently recruited faculty also took place. The vote of thanks was delivered by Mrs.K.Kokila, AP, PEC.

REPORT FACULTY REVALIDATION PROGRAMME (FRP)

The inauguration of Faculty Revalidation Programme(FRP) for the academic year 2015-16 for the faculty members of Paavai Engineering College, Paavai College of Engineering and Paavai College of Technology was held in the Smart Hall at 02.00 p.m. on 23.11.2015. The programme started with the prayer song. Smt.Mangai Natarajan, Correspondent, Paavai Institutions, inaugurated the event by lighting the kuthuvilakku and delivered the felicitation address. The chairman, delivered the inaugural address, he insisted that this FRP is a healthy exercise for the faculty members to enrich, develop, update, their professional skills in teaching and learning process. He further highlighted that this forum provides an opportunity for the faculty members to exhibit their contextual knowledge and the teaching skills for the betterment of themselves and to the students' community at large. He concluded that the teachers should make use of this platform at a proper sense with right attitude and excel in their life. Smt.Mangai Natarajan, Correspondent, Paavai Institutions, felicitate the gathering. She explained Paavai philosophy and principles with the slogan, 'Healthy Paavai, Wealthy Paavai and Powerful Paavai'. She made all the faculty members recite the slogan.

She said that FRP is not a delivery forum but a discussion forum and the presenters should have the thirst to learn and update their knowledge and skill from the seniors and experts on the panel. At last, she concluded by saying that Faculty Revalidation Programme is not a fault finding process but it is a fact finding process and the members should use this feedback channel in the right sense of the word. With this the inauguration came to an end. Dr.R.Kasthuri Bai, Dean Faculty Development Department, welcomed the gathering. 59 faculty members participated in the inauguration. The Deans, Principals, HoDs and senior faculty members graced the occasion. The FRP session went on for a month, wherein Faculty members from PEC, PCE, PCT,PPC and PASCW presented their topics. Totally around 59 faculty members presented their topics in front of the panel. With this FRP came to an end.

Two Weeks ISTE Workshop on Environmental Studies

A two weeks **ISTE** workshop on **Environmental Studies** was organized at **Paavai Engineering College** from **2nd** to **12th June, 2015** under the **National Mission on Education through ICT (MHRD, Govt. of India).** This workshop was conducted by IIT Bombay through online video conferencing. **Prof.Deepak.B.Phatak, Dr. Mukta Atrey** & **Prof. Virender Sethi** was the convener of the program. This workshop was coordinated by **Mr.P.Kalimuthu AP/Civil, Paavai Engineering College**

Prof. Ranjan Panda's topic of discussion was on "Environmental Ethics". He discussed about

1. Responsibilities of people in maintaining the ecosystems so that sustainable resource can be yielded for a long time.

2. Environmental ethics

3. Various Human-Wildlife Conflicts

Prof. K. Narayanan's topic was on **environmental economics** in which he discussed various Political Economy Research Center and Laws.

Prof. Shyam Asolekar discussed on the topic **"Law and Policy".**

The participants learned a lot from the workshop and in the feedback session they enthusiastically gave their positive opinions.

ISTE STTP Workshop for Faculty Members On

'Technical Communication'

The 'Train 1000 Teachers' programme was initiated by IIT Bombay in 2009, under the project 'Empowerment of Students/Teachers,' sponsored by the National Mission on Education through ICT (MHRD, Government of India). The main focus of this programme is to work with Engineering Colleges in the country to enhance the teaching skills of faculty in core Engineering and Science subjects. In 2013, this programme was scaled further, to train up to 10,000 teachers at a time, using 385 established Remote Centers across India. Each Remote Center hosts the main two-week ISTE workshop with partial funding from IIT Bombay. The two-week ISTE workshop on Technical Communication is attended by interested participants of the nearby colleges. Our College was one of the Remote Centers and Dr. R. Shanthi had acted as the host. Certificate were issued based on candidates' performance.

Faculty Revalidation Programme(FRP) for the academic year 2018-19

The inauguration of Faculty Revalidation Programme(FRP) for the academic year 2018-19 for the faculty members was held in the Smart Hall at 02.00 p.m. on 19.11.2018. The programme started with the prayer song followed by an epigraph, 'Ask yourself, if what you are doing today, is getting closer to where you want to be tomorrow' emphasizing the significance of the introduction of Faculty Revalidation Programme. Smt.Mangai Natarajan, Correspondent, Paavai Institutions, inaugurated the event and delivered the inaugural address. In her inaugural address, she highlighted Paavai philosophy and principles with the slogan, 'Healthy Paavai, Wealthy Paavai and Powerful Paavai'. Dr.K.KRamasamy, Director Administration, felicitated the gathering. He told the objectives, importance and ideology of Faculty Revalidation Programme.

Dear Principal, Dr M.Premkumar of Paavai Engineering College (PECTN),

The D2S program of QEEE (Quality Enhancement in Engineering Education) strives to raise the bar of engineering education pan India through its intervention in Tier 2 and Tier 3 colleges. The program ran its pilot in 2014 and has ever since progressed. Based on the recent semester, Jan-April 2016, an analysis was done on the performance of participating colleges, where attendance and participation against registration were monitored and evaluated. The colleges were grouped into 5 categories:

- **Partners**- those who have shown total commitment towards the program and have attended almost all of the classes as against registrations
- **Committed**- in this category we have colleges that have realized the importance of the program and attended maximum classes but fall short of a certain number of sessions
- **Non-Committed**- though buy in is achieved with this category of colleges we would like to see more involvement as they have the potential to rise to the next category
- **Doubtful**- registrations happen from these colleges but actual turnout in live sessions is minimal
- **Non-Starters**- though interested, and some attend classes through DTH, the basic infrastructure is yet to be procured and the management has to be motivated to contribute towards the initiation of the program

Through the course of the program we observed that your college has attended most of the classes for the topics that were registered for and have interacted well with good audio video settings with the IIT faculty.

Congratulations! We are happy to announce that your college falls in the category of **"Partner"** colleges, implying that you were amongst the best colleges to have leveraged the QEEE program for the benefit of your students. This shows your commitment towards quality.

We thank your college for the inevitable role in the QEEE program across semesters and appreciate your commitment and drive to welcome and implement changes. We are happy that you share the same wave length as ours to make India "the" destination for undergraduate education. We hope that together we go a long way and be the change that we want to see.

We welcome suggestions for the way ahead and look forward to your continued association in the forthcoming semesters.

Regards
Prof. Ashok Jhunjhunwala
