"Design Considerations – Heat, Ventilation, Refrigeration and Air conditioning in Industry"

The Department of Mechanical Engineering organized a Five days Faculty Development Programme on "Design Considerations – Heat, Ventilation, Refrigeration and Air conditioning in Industry" from 25.04.2022 to 29.04.2022 to create awareness among the faculty about the HVAC(Heat, Ventilation, Refrigeration & Air-Conditioning) industry and its potential in India and abroad. Mr.Sriram Sridhar, Regional Sales Manager, Aalberts Hydronic Flow Control, Dubai, United Arab Emirates was the Guest Speaker. The Director – Administration, Dr. K.K. Ramasamy, and the Principal, Dr.M.Premkumar provided the required support and guidance to conduct the programme. The webinar was convened by Professor& Head Department, Dr.A.P.Sivasubramaniam coordinatedby **Professors Dr.K.Sundaramurthy** and and Dr.V.Subburam.

Mr.SriramSridhar, explained how the HVAC industry is growing world-wide and its future market potential. Given the increasing Global Warming trend, the demand for cooling facilities are bound to grow, he stated. He also explained through PPTs, the different types of system availbale to provide cooling to a shopping mall or theatre or stadium that include using chilled water through tubes. This cooling technique is finding wide application even in India, he further added. He also urged the students to observe and learn about the cooling systems used in shopping malls or any other publice facilities when they visitthere. He also advised the students to study for knowledge and not for scoring in exams and provided lot of information about the job opportunities in this field. Demonstrations and various activities were conducted in the FDP programme which spanned across 5 days.
